CUMULATIVE SUPPLEMENT
PUBLISHER'S NOTE

This supplement brings the annotations to Arizona Code, 1939 through volume 238, second series of the Pacific Reporter.

Amendments to acts and new laws enacted since the year 1939 down to and including the 1952 regular session are compiled and will be found under their appropriate section numbers.

The skip in page numbers at the end of each chapter is designed to take care of future expansion and does not indicate that anything has been omitted.

Section numbers printed in black face type either refer to sections of the original volume or to new acts not included therein.

Chapter and article analyses, in these supplements, carry only laws that have been amended or new laws. Old sections that have nothing but annotations are not included in the analyses.

1. Where a different place is specifically referred to in a given section.

2. The provisions of sections 39 to 55 inclusive [§§ 66-153—66-157], shall apply upon highways and elsewhere throughout the state. [Laws 1950 (1st S. S.), ch. 3, § 22.]

66-152a. Required obedience to traffic laws.—It is unlawful and, unless otherwise declared in this act with respect to particular offenses, it is a misdemeanor for any person to do any act forbidden or fail to perform any act required in this act. [Laws 1950 (1st S. S.), ch. 3, § 23.]

(b) Unless specifically made applicable, the provisions of this act shall not apply to persons, teams, motor vehicles, and other equipment while actually engaged in work upon the surface of a highway, or to railroad employees working on a railroad track or tracks crossing the highway but shall apply to such persons and vehicles when traveling to or from such work. [Laws 1950 (1st S. S.), ch. 3, § 25.]

66-152d. Authorized emergency vehicles.—(a) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(d) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard or the safety of others.
[Laws 1950 (1st S. S.), ch. 3, § 25.1.]

DECISIONS UNDER PRIOR LAW

Standard of Care.
Intent of former § 66-105 was not to hold patrolman to less than usual degree or standard of care, but to make exception only for the speed at which a patrolman's job sometimes requires him to travel. Ruth v. Rhodes, 66 Ariz. 129, 185 Pac. (2d) 304.

66-152e. Traffic laws apply to persons riding animals or driving animal-drawn vehicles.—Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this act except those provisions of this act which by their very nature can have no application. [Laws 1950 (1st S. S.), ch. 3, § 26.]

66-153. Provisions of act uniform throughout state.—The provisions of this act [§§ 66-151—66-189] shall be applicable and uniform throughout this state and in all political subdivisions and municipalities therein and no local authority shall enact or enforce any ordinance, rule, or regulation in conflict with the provisions of this act unless expressly authorized herein. Local authorities may, however, adopt additional traffic regulations which are not in conflict with the provisions of this act. [Laws 1950 (1st S. S.), ch. 3, § 27.]

66-153a. Powers of local authorities.—(a) The provisions of this act [§§ 66-151—66-189] shall not be deemed to prevent local authorities with respect to streets and highways under their jurisdiction and within the reasonable exercise of the police power from:
1. Regulating the standing or parking of vehicles;
2. Regulating traffic by means of police officers or traffic-control signals;
3. Regulating or prohibiting processions or assemblages on the highways;
4. Designating particular highways as one-way highways and requiring that all vehicles thereon be moved in one [1] specific direction;
5. Regulating the speed of vehicles in public parks;
6. Designating any highway as a through highway and requiring that all vehicles stop before entering or crossing the same or designating any intersection as a stop intersection and requiring all vehicles to stop at one [1] or more entrances to such intersection;
7. Restricting the use of highways as authorized in section 167 of this act [§ 66-185k];
8. Regulating the operation of bicycles and requiring the registration and licensing of same, including the requirement of a registration fee;
9. Regulating or prohibiting the turning of vehicles or specified types of vehicles at intersections;
10. Altering the prima facie speed limits as authorized herein;
11. Adopting such other traffic regulations as are specifically authorized by this act.

(b) No local authority shall erect or maintain any stop sign or traffic-control signal at any location so as to require the traffic on any state highway to stop before entering or crossing any intersecting highway unless approval in writing has first been obtained from the commission.

c) No ordinance or regulation enacted under subdivisions (4), (5), (6), (7), (9) or (10), of section 28 (a) shall be effective until signs giving notice of such local traffic regulations are posted upon or at the entrances to the highway or part thereof affected as may be most appropriate. [Laws 1950 (1st S. S.), ch. 3, § 28.]

**Decisions under Prior Law**

Parking Meters.
A city ordinance providing for placing parking meters on city streets was valid, and the meters are for regulatory purposes, not for raising revenue. Phoenix v. Moore, 57 Ariz. 350, 113 Pac. (2d) 935.

66-153b. This act not to interfere with rights of owners of real property with reference thereto.—Nothing in this act [§§ 66-151—66-189] shall be construed to prevent the owner of real property used by the public for purposes of vehicular travel by permission of the owner and not as matter of right from prohibiting such use, or from requiring other or different or additional conditions than those specified in this act, or otherwise regulating such use as may seem best to such owner. [Laws 1950 (1st S. S.), ch. 3, § 29.]

66-153c. Commission to adopt sign manual.—The commission shall adopt a manual and specifications for a uniform system of traffic-control devices consistent with the provisions of this act for use upon highways within this state. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway officials. [Laws 1950 (1st S. S.), ch. 3, § 30.]
66-153d. Commission to sign all state highways.—(a) The commission shall place and maintain such traffic-control devices, conforming to its manual and specifications, upon all state highways as it shall deem necessary to indicate and to carry out the provisions of this act [§§ 66-151—66-189] or to regulate, warn, or guide traffic.

(b) No local authority shall place or maintain any traffic-control device upon any highway under the jurisdiction of the commission except by the latter’s permission. [Laws 1950 (1st S. S.), ch. 3, § 31.]

66-153e. Local traffic-control devices.—Local authorities in their respective jurisdiction shall place and maintain such traffic-control devices upon highways under their jurisdiction as they may deem necessary to indicate and to carry out the provisions of this act [§§ 66-151—66-189] or local traffic ordinances or to regulate, warn, or guide traffic. All such traffic-control devices hereafter erected shall conform to the state manual and specifications. [Laws 1950 (1st S. S.), ch. 3, § 32.]

66-153f. Obedience to and required traffic-control devices.—(a) The driver of any vehicle shall obey the instructions of any official traffic-control device applicable thereto placed in accordance with the provisions of this act, unless otherwise directed by a traffic or police officer, subject to the exemptions granted the driver of an authorized emergency vehicle in this act.

(b) No provision of this act for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section does not state that signs are required, such section shall be effective even though no signs are erected or in place. [Laws 1950 (1st S. S.), ch. 3, § 33.]

66-153g. Traffic-control signal legend.—Whenever traffic is controlled by traffic-control signals exhibiting the words “Go,” “Caution,” or “Stop,” or exhibiting different colored lights successively one [1] at a time, or with arrows, the following colors only shall be used and said terms and light shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) Green alone or “Go”:

1. Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent cross walk at the time such signal is exhibited.

2. Pedestrians facing the signal may proceed across the roadway within any marked or unmarked cross walk.

(b) Yellow alone or “Caution” when shown following the green or “Go” signal:

1. Vehicular traffic facing the signal is thereby warned that the red or “Stop” signal will be exhibited immediately thereafter and such
vehicular traffic shall not enter or be crossing the intersection when the red or "Stop" signal is exhibited.

2. Pedestrians facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right-of-way to all vehicles.

(c) Red alone or "Stop":
1. Vehicular traffic facing the signal shall stop before entering the cross walk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until green or go is shown alone.

2. No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.

(d) Red with green arrow:
1. Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right-of-way to pedestrians lawfully within a cross walk and to other traffic lawfully using the intersection.

2. No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.

(e) In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. [Laws 1950 (1st S. S.), ch. 3, § 34.]

66-153h. Pedestrian walk and wait signals.—Whenever special pedestrian-control signals exhibiting the words "Walk" or "Wait" are in place such signals shall indicate as follows:

(a) Walk. Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right-of-way by the drivers of all vehicles.

(b) Wait. No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the wait signal is showing. [Laws 1950 (1st S. S.), ch. 3, § 35.]

66-153i. Flashing signals.—Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

1. Flashing red (Stop signal). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest cross walk at an intersection or at a limit line when marked, or, if none, then before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

2. Flashing yellow (Caution signal). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution. [Laws 1950 (1st S. S.), ch. 3, § 36.]
66-153j. Display of unauthorized signs, signals, or markings.—(a) No person shall place, maintain, or display upon or in view of any highway any unauthorized sign, signal, marking, or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal, and no person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising. This shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(b) Every such prohibited sign, signal, or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [Laws 1950 (1st S. S.), ch. 3, § 37.]

66-153k. Interference with official traffic-control devices or railroad signs or signals.—No person shall without lawful authority attempt to or in fact alter, deface, injure, knock down, or remove any official traffic-control device or any railroad sign or signal or any inscription, shield, or insignia thereon, or any other part thereof. [Laws 1950 (1st S. S.), ch. 3, § 38.]

66-153l. Accidents involving death or personal injuries.—(a) The driver of any vehicle involved in an accident resulting in injury to or death of any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible but shall then forthwith return to and in every event shall remain at the scene of the accident until he has fulfilled the requirements of section 41 [§ 66-153n]. Every such stop shall be made without obstructing traffic more than is necessary.

(b) Any person failing to stop or to comply with said requirements under such circumstances shall upon conviction be punished by imprisonment for not less than 30 days nor more than 1 year in the county jail or by fine of not less than $100.00 nor more than $5,000.00, or by both such fine and imprisonment.

(c) The department shall revoke the license or permit to drive and any nonresident operating privilege of the person so convicted. [Laws 1950 (1st S. S.), ch. 3, § 39.]

66-153m. Accidents involving damage to vehicle.—The driver of any vehicle involved in an accident resulting only in damage to a vehicle which is driven or attended by any person shall immediately stop such vehicle at the scene of such accident or as close thereto as possible but shall forthwith return to and in every event shall remain at the scene of such accident until he has fulfilled the requirements of section 41 [§ 66-153n]. Every such stop shall be made without obstructing traffic more than is necessary. Any person failing to stop or comply with said requirements under such circumstances shall be guilty of a misdemeanor. [Laws 1950 (1st S. S.), ch. 3, § 40.]
66-153n. Duty to give information and render aid.—The driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to any vehicle which is driven or attended by any person shall give his name, address, and the registration number of the vehicle he is driving and shall upon request exhibit his operator’s or chauffeur’s license to the person struck or the driver or occupant of or person attending any vehicle collided with and shall render to any person injured in such accident reasonable assistance, including the making of arrangements for the carrying of such person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that such treatment is necessary or if such carrying is requested by the injured person. [Laws 1950 (1st S. S.), ch. 3, § 41.]

DECISIONS UNDER PRIOR LAW

Sufficiency of Information.

Information charging that defendant failed to stop and give his name and address after collision with another vehicle without disclosing accident happened on public highway, wholly fails to state an offense. State v. Smith, 66 Ariz. 376, 189 Pac. (2d) 205.

66-153o. Duty upon striking unattended vehicle.—The driver of any vehicle which collides with any vehicle which is unattended shall immediately stop and shall then and there either locate and notify the operator or owner of such vehicle of the name and address of the driver and owner of the vehicle striking the unattended vehicle or shall leave in a conspicuous place in the vehicle struck a written notice giving the name and address of the driver and of the owner of the vehicle doing the striking. [Laws 1950 (1st S. S.), ch. 3, § 42.]

66-153p. Duty upon striking fixtures upon a highway.—The driver of any vehicle involved in an accident resulting only in damage to fixtures or other property legally upon or adjacent to a highway shall take reasonable steps to locate and notify the owner or person in charge of such property of such fact and of his name and address and of the registration number of the vehicle he is driving and shall upon request exhibit his operator’s or chauffeur’s license and shall make report of such accident when and as required in section 45 [§ 66-153r] hereof. [Laws 1950 (1st S. S.), ch. 3, § 43.]

66-153q. Immediate report of accidents.—The driver of a vehicle involved in an accident resulting in injury to or death of any person shall immediately by the quickest means of communication, whether oral or written, give notice of such accident to the local police department if such accident occurs within a municipality, otherwise to the office of the county sheriff or the nearest office of the state highway patrol. [Laws 1950 (1st S. S.), ch. 3, § 44.]

66-153r. Written reports of accidents.—(a) The driver of a vehicle involved in an accident resulting in bodily injury to or death of any person or total property damage to an apparent extent of $50.00 or
more shall, within 5 days after such accident, forward a written report of such accident to the department.

(b) The department may require any driver of a vehicle involved in an accident of which report must be made as provided in this section to file supplemental reports whenever the original report is insufficient in the opinion of the department and may require witnesses of accidents to render reports to the department.

(c) Every law enforcement officer who, in the regular course of duty, investigates a motor-vehicle accident of which report must be made as required in this section, either at the time of and at the scene of the accident or thereafter by interviewing participants or witnesses shall, within 24 hours after completing such investigation, forward a written report of such accident to the department. [Laws 1950 (1st S. S.), ch. 3, § 45.]

66-153s. When driver unable to report.—(a) Whenever the driver of a vehicle is physically incapable of making an immediate report of an accident as required in section 44 [§ 66-153q] and there was another occupant in the vehicle at the time of the accident capable of making a report, such occupant shall make or cause to be made said report not made by the driver.

(b) Whenever the driver is physically incapable of making a written report of an accident as required in section 45 [§ 66-153r] and such driver is not the owner of the vehicle, then the owner of the vehicle involved in such accident shall within 5 days after learning of the accident make such report not made by the driver. [Laws 1950 (1st S. S.), ch. 3, § 46.]

66-153t. Accident report forms.—(a) The department shall prepare and upon request supply to police departments, coroners, sheriffs, garages, and other suitable agencies or individuals, forms for accident reports required hereunder, appropriate with respect to the persons required to make such reports and the purposes to be served. The written reports to be made by persons involved in accidents and by investigating officers shall call for sufficiently detailed information to disclose with reference to a traffic accident the cause, conditions then existing, and the persons and vehicles involved.

(b) Every accident report required to be made in writing shall be made on the appropriate form approved by the department and shall contain all of the information required therein unless not available.

(c) Every such report shall also contain information sufficient to enable the department to determine whether the requirements for the deposit of security under any of the laws of this state are inapplicable by reason of the existence of insurance or other exceptions specified therein. [Laws 1950 (1st S. S.), ch. 3, § 47.]

66-153u. Penalty for failure to report.—The department shall suspend the license or permit to drive and any nonresident operating privileges of any person failing to report an accident as herein provided until such report has been filed. Any person convicted of failing to make a report as required herein shall be punished as provided in section 169 [§ 66-186]. [Laws 1950 (1st S. S.), ch. 3, § 47.1.]
66-153v. Coroners to report.—Every coroner or other official performing like functions shall on or before the 10th day of each month report in writing to the department the death of any person within his jurisdiction during the preceding calendar month as the result of a traffic accident giving the time and place of the accident and the circumstances relating thereto. [Laws 1950 (1st S. S.), ch. 3, § 48.]

66-153w. Garages to report.—The person in charge of any garage or repair shop to which is brought any motor vehicle which shows evidence of having been involved in an accident of which report must be made as provided in section 45 [§ 66-153x], or struck by any bullet, shall report to the department within 24 hours after such motor vehicle is received, giving the engine number, registration number, and the name and address of the owner or operator of such vehicle. [Laws 1950 (1st S. S.), ch. 3, § 49.]

66-153x. Accident reports confidential.—All accident reports made by persons involved in accidents or by garages shall be without prejudice to the individual so reporting and shall be for the confidential use of the department or other state agencies having use for the records for accident prevention purposes, or for the administration of the laws of this state relating to the deposit of security and proof of financial responsibility by persons driving or the owners of motor vehicles, except that the department may disclose the identity of a person involved in an accident when such identity is not otherwise known or when such person denies his presence at such accident. No such report shall be used as evidence in any trial, civil or criminal, arising out of an accident, except that the department shall furnish upon demand of any person who has, or claims to have, made such a report or upon demand of any court, a certificate showing that a specified accident report has or has not been made to the department solely to prove a compliance or a failure to comply with the requirement that such a report be made to the department. [Laws 1950 (1st S. S.), ch. 3, § 50.]

66-153y. Department to tabulate and analyze accident reports.—The department shall tabulate and may analyze all accident reports and shall publish annually, or at more frequent intervals, statistical information based thereon as to the number and circumstances of traffic accidents. [Laws 1950 (1st S. S.), ch. 3, § 51.]

66-154. Any incorporated city may require accident reports.—Any incorporated city, town, village, or other municipality may by ordinance require that the driver of a vehicle involved in an accident shall also file with a designated city department a report of such accident or a copy of any report herein required to be filed with the department. All such reports shall be for the confidential use of the city department and subject to the provisions of section 50 [§ 66-153x] of this act. [Laws 1950 (1st S. S.), ch. 3, § 52.]

66-155. Negligent homicide.—(a) When the death of any person ensues within 1 year as a proximate result of injury received by the
driving of any vehicle in reckless disregard of the safety of others, the person so operating such vehicle shall be guilty of negligent homicide. 

(b) Any person convicted of negligent homicide shall be punished by imprisonment for not more than 1 year in the county jail or by fine of not less than $100.00 nor more than $1,000.00, or by both such fine and imprisonment.

(c) The department shall revoke the license or permit to drive and any nonresident operating privilege of any person convicted of negligent homicide. [Laws 1950 (1st S. S.), ch. 3, § 53.]

66-156. Persons under the influence of intoxicating liquor or of drugs. — (a) It is unlawful and punishable as provided in paragraph (d) of this section for any person who is under the influence of intoxicating liquor to drive or be in actual physical control of any vehicle within this state.

(b) In any criminal prosecution for a violation of paragraph (a) of this section relating to driving a vehicle while under the influence of intoxicating liquor, the amount of alcohol in the defendant's blood at the time alleged as shown by chemical analysis of the defendant's blood, urine, breath, or other bodily substance shall give rise to the following presumptions:

1. If there was at that time 0.05 percent or less by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was not under the influence of intoxicating liquor;

2. If there was at that time in excess of 0.05 percent but less than 0.15 percent by weight of alcohol in the defendant's blood, such fact shall not give rise to any presumption that the defendant was or was not under the influence of intoxicating liquor, but such fact may be considered with other competent evidence in determining the guilt or innocence of the defendant;

3. If there was at that time 0.15 percent or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of intoxicating liquor;

4. The foregoing provisions of paragraph (b) shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether or not the defendant was under the influence of intoxicating liquor.

(c) It is unlawful and punishable as provided in paragraph (d) of this section for any person who is an habitual user of or under the influence of any narcotic drug or who is under the influence of any other drug to a degree which renders him incapable of safely driving a vehicle to drive a vehicle within this state. The fact that any person charged with a violation of this paragraph is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this paragraph.

(d) Every person who is convicted of a violation of this section shall be punished by imprisonment for not less than 10 days nor more than 6 months, or by fine of not less than $100.00 nor more than $300.00, or by both such fine and imprisonment. On a second or subsequent conviction he shall be punished by imprisonment for not less than 90 days
nor more than 1 year in the county jail, and, in the discretion of the court, a fine of not more than $1,000.00.

The department shall revoke the license or permit to drive and any nonresident operating privilege of any person who has been convicted a second time in any 12-month period under this section. [Laws 1950 (1st S. S.), ch. 3, § 54.]

DECISIONS UNDER PRIOR LAW

In General.
In construing former § 66-402, its location in the law as originally enacted by the legislature is controlling, not its location in the compilation of 1939. State v. Stewart, 57 Ariz. 82, 111 Pac. (2d) 70.

Construction.
It is the operation of the motor vehicle while intoxicated and not the intoxication which is prohibited, and death resulting from such unlawful operation amounts to manslaughter. State v. Ponce, 59 Ariz. 158, 124 Pac. (2d) 543.

66-157. Reckless driving.—(a) Any person who drives any vehicle in wilful or wanton disregard for the safety of persons or property is guilty of reckless driving.

(b) Every person convicted of reckless driving may be punished upon a first conviction by imprisonment for a period of not less than 5 days nor more than 90 days, or by fine of not less than $25.00 nor more than $300.00, or by both such fine and imprisonment, and on a second or subsequent conviction shall be punished by imprisonment for not less than 10 days nor more than 6 months, or by a fine of not less than $50.00 nor more than $1,000.00, or by both such fine and imprisonment. [Laws 1950 (1st S. S.), ch. 3, § 55.]

DECISIONS UNDER PRIOR LAW

Appeal.
Where appeal from conviction for reckless driving with jury trial in justice court was taken to superior court where case was tried de novo before court with jury, which likewise resulted in conviction, defendant had no remedy by appeal from this judgment. Oswald v. Martin, 70 Ariz. 392, 222 Pac. (2d) 632.

Jurisdiction of Recorder's Court.
Recorder's court of city of Prescott has jurisdiction to try proceedings for reckless driving under concurrent jurisdiction with justices of the peace. Miller v. Heller, 68 Ariz. 352, 206 Pac. (2d) 569.

Prosecution.
Defendant in reckless driving prosecution was properly tried in superior court on original verified complaint transmitted from the city court, and the city attorney was proper officer to prosecute appeal from the police court. Ex parte Conne, 67 Ariz. 299, 195 Pac. (2d) 149.

66-157a. Special restrictions.—(a) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under
the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle, or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(b) Where no special hazard exists that requires lower speed for compliance with paragraph (a) of this section the speed of any vehicle not in excess of the limits specified in this section or established as hereinafter authorized shall be lawful, but any speed in excess of the limits specified in this section or established as hereinafter authorized shall be prima facie evidence that the speed is not reasonable or prudent and that it is unlawful:

1. Fifteen [15] miles per hour approaching school crossing;
2. Twenty-five [25] miles per hour in any business or residence district;
3. (a) Fifty [50] miles per hour in other locations during the daytime except state highways;
   (b) Reasonable and prudent miles per hour during the daytime on state highways;
4. (a) Forty-five [45] miles per hour during the nighttime in other locations except state highways;
   (b) Fifty [50] miles per hour during the nighttime on state highways.

Daytime means from a half hour before sunrise to a half hour after sunset. Nighttime means at any other hour.

The prima facie speed limits set forth in this section may be altered as authorized in sections 57 and 58 [§§ 66-158, 66-159].

(c) The driver of every vehicle shall, consistent with the requirements of paragraph (a), drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions. [Laws 1950 (1st S. S.), ch. 3, § 56.]

DECISIONS UNDER PRIOR LAW

Applicability of Act.
The 20-mile provision in Laws 1927 (4th S. S.), ch. 2, subch. 5, § 1 as amended relating to speed in business district or where view is obstructed had no application where passenger bus operated upon a through or arterial highway, absent proof that a special district speed was in effect, in which case general law as to speed applied. Nichols v. Phoenix, 68 Ariz. 124, 202 Pac. (2d) 21.

Instructon.
Instruction that if driver drives vehicle at speed greater than reasonable and prudent, having due regard for traffic, surface and width of highway, and conditions then and there existing, such act constitutes negligence per se, is clearly erroneous. Butane Corporation v. Kirby, 66 Ariz. 272, 187 Pac. (2d) 325.

Whether plaintiff was properly driving truck, considering the various factors to be considered at time of collision with vehicle of deceased, improperly parked on highway, was question of fact for consideration of jury and instruction to that end was not a mere abstract statement of law. Butane Corporation v. Kirby, 66 Ariz. 272, 187 Pac. (2d) 325.
In action by bus passenger to recover damages for injuries sustained by sudden stoppage of the vehicle, a rescript of the statute regarding excessive rate of speed and prohibition against following another vehicle too closely, constituted reversible error in the instructions, in view of the fact that there was no allegation in the complaint nor any evidence on these two points. Phoenix v. Mubarek Ali Khan, 72 Ariz. 1, 229 Pac. (2d) 949.

Negligence Per Se.

One is not guilty of negligence per se merely because he operates his vehicle at a speed greater than is reasonable and prudent, having due regard to the traffic, surface and width of the highway and other conditions then existing. Butane Corporation v. Kirby, 66 Ariz. 272, 187 Pac. (2d) 325.

Violation of specific speed limitations is not negligence per se. Butane Corporation v. Kirby, 66 Ariz. 272, 187 Pac. (2d) 325.

66-158. Establishment of state speed zones.—Whenever the commission shall determine upon the basis of an engineering and traffic investigation that any prima facie speed hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a state highway, said commission may determine and declare a reasonable and safe prima facie speed limit thereat which shall be effective at all times or during hours of daylight or darkness or at such other times as may be determined when appropriate signs giving notice thereof are erected at such intersection or other place or part of the highway. [Laws 1950 (1st S. S.), ch. 3, § 57.]

66-158a. When local authorities may alter prima facie limits.—(a) At intersections. Whenever local authorities within their respective jurisdictions determine upon the basis of an engineering and traffic investigation that the prima facie speed permitted under this act at any intersection is greater than is reasonable or safe under the conditions found to exist at such intersection, such local authority subject to paragraph (d) of this section shall determine and declare a reasonable and safe prima facie speed limit thereat, which shall be effective at all times or during hours of daylight or darkness or at such other times as may be determined when appropriate signs giving notice thereof are erected at such intersection or upon the approaches thereto.

(b) Authority to increase 25 mile limit. Local authorities in their respective jurisdictions may in their discretion, but subject to paragraph (d) of this section, authorize by ordinance higher prima facie speeds than those stated in section 56 [§ 66-157a] upon through highways or upon highways or portions thereof where there are no intersections or between widely spaced intersections, which higher prima facie speed shall be effective at all times or during hours of daylight or at such other times as may be determined when signs are erected giving notice of the authorized speed, but local authorities shall not have authority to modify or alter the basic rule set forth in paragraph (a) of section 56 or in any event to authorize by ordinance a speed in excess of 50 miles per hour during the daytime or 45 miles per hour during nighttime.

(c) Authority to alter 45-50 mile limits. Whenever local authorities within their respective jurisdictions determine upon the basis of an
engineering and traffic investigation that the prima facie speed permitted under this act upon any street or highway outside a business or residence district is greater or less than is reasonable or safe under the conditions found to exist upon such street or highway, the local authority may determine and declare a reasonable and safe prima facie limit thereon but in no event less than 35 miles per hour and subject to paragraph (d) of this section, which reduced prima facie limit shall be effective at all times or during hours of darkness or at other times as may be determined when appropriate signs giving notice thereof are erected upon such street or highway.

(d) Alteration of prima facie limits on state highways or extensions thereof in a municipality by local authorities shall not be effective until such alteration has been approved by the commission. [Laws 1950 (1st S. S.), ch. 3, § 58.]

66-159. Minimum speed regulation.—No person shall drive a motor vehicle at such a slow speed as to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

Police officers are hereby authorized to enforce this provision by directions to drivers, and in the event of apparent wilful disobedience to this provision and refusal to comply with direction of an officer in accordance herewith the continued slow operation by a driver shall be a misdemeanor. [Laws 1950 (1st S. S.), ch. 3, § 59.]

66-160. Special speed limitation on motor-driven cycles.—No person shall operate any motor-driven cycle at any time mentioned in section 119 [§ 66-173a] at a speed greater than 35 miles per hour unless such motor-driven cycle is equipped with a head lamp or lamps which are adequate to reveal a person or vehicle at a distance of 300 feet ahead. [Laws 1950 (1st S. S.), ch. 3, § 60.]

66-161. Special speed limitations.—(a) No person shall drive any vehicle equipped with solid rubber or cushion tires at a speed greater than a maximum of 10 miles per hour.

(b) No person shall drive a vehicle over any bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to such bridge or structure, when such structure is signposted as provided in this section.

(c) The commission upon request from any local authority shall, or upon its own initiative may, conduct an investigation of any bridge or other elevated structure constituting a part of a highway, and if it shall thereupon find that such structure cannot with safety to itself withstand vehicles traveling at the speed otherwise permissible under this act the commission shall determine and declare the maximum speed of vehicles which such structure can withstand, and shall cause or permit suitable signs stating such maximum speed to be erected and maintained at a distance of 300 feet before each end of such structure.

(d) Upon the trial of any person charged with a violation of this section, proof of determination of the maximum speed by said commission and the existence of said signs shall constitute conclusive evidence
of the maximum speed which can be maintained with safety to such bridge or structure. [Laws 1950 (1st S. S.), ch. 3, § 61.]

66-162. Charging violations and rule in civil actions.—(a) In every charge of violation of any speed regulation in this act the complaint, also the summons or notice to appear, shall specify the speed at which the defendant is alleged to have driven, also the prima facie speed applicable within the district or at the location.

(b) The provision of this act declaring prima facie speed limitations shall not be construed to relieve the plaintiff in any civil action from the burden of proving negligence on the part of the defendant as the proximate cause of an accident. [Laws 1950 (1st S. S.), ch. 3, § 62.]

66-163. Drive on right side of roadway—Exceptions.—(a) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

1. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;
2. When the right half of a roadway is closed to traffic while under construction or repair;
3. Upon a roadway divided into three [3] marked lanes for traffic under the rules applicable thereon; or
4. Upon a roadway designated and signposted for one-way traffic.

(b) Upon all roadways any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway. [Laws 1950 (1st S. S.), ch. 3, § 63.]

**Decisions Under Prior Law**

In General.
A person traveling on highway, ascending a hill, on a curve and through a cut, is not presumed to anticipate that vehicle approaching from the opposite direction will be traveling on the wrong side of the road. Dixon v. Alabam Freight Lines v. Phoenix Bakery, 64 Ariz. 101, 166 Pac. (2d) 816.

"Right Half" Defined.
"Right half of the highway" always means the right half of the main traveled portion of the highway as it exists at the time. Dixon v. Alabam Freight Co., 57 Ariz. 173, 112 Pac. (2d) 584.

Slow Moving Vehicle.
The direction to slow moving vehicles to travel as closely as possible to the right-hand edge of the highway is not meant for the protection of vehicles coming in an opposite direction, for they have no right to be on the right half of the road at all, but rather for vehicles lawfully traveling on the same half of the road which desire to pass in the same direction. Dixon v. Alabam Freight Co., 57 Ariz. 173, 112 Pac. (2d) 584.

White Line on Highway.
The white line placed by the highway department on the highway is for the guidance of motorists to assist them in keeping on the right half of the highway as it exists when the line is placed there, but it is not necessarily, as a matter of law, always the center of the highway. Dixon v. Alabam Freight Co., 57 Ariz. 173, 112 Pac. (2d) 584.
66-163a. Passing vehicles proceeding in opposite directions.—Drivers of vehicles proceeding in opposite direction shall pass each other to the right, and upon roadways having width for not more than one (1) line of traffic in each direction each driver shall give to the other at least one-half [1/2] of the main traveled portion of the roadway as nearly as possible. [Laws 1950 (1st S. S.), ch. 3, § 64.]

66-163b. Overtaking a vehicle on the left.—The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions, and special rules hereinafter stated:

(a) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(b) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal, or blinking of headlamps at nighttime, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. [Laws 1950 (1st S. S.), ch. 3, § 65.]

DECISIONS UNDER PRIOR LAW

Instructions.

Whether plaintiff was properly driving truck, considering the various factors to be considered at time of collision with vehicle of deceased, improperly parked on highway, was question of fact for consideration of jury and instruction to that end was not a mere abstract statement of law. Butane Corporation v. Kirby, 66 Ariz. 272, 187 Pac. (2d) 325.

Instructions to Jury.

Instruction stating the law to be that driver of every vehicle shall pass a car proceeding in same direction on the left, was proper in case where car was improperly parked on highway without lights. Butane Corporation v. Kirby, 66 Ariz. 272, 187 Pac. (2d) 325.

Proceeding Vehicle Defined.

A vehicle temporarily stopped on highway does not lose its character as a "proceeding vehicle" merely by fact that it is not in motion, and car passing stationary vehicle should pass on left thereof after determining that road is clear and that passing can be safely made. Butane Corporation v. Kirby, 66 Ariz. 272, 187 Pac. (2d) 325.

Proximate Cause.

Failure to give the signals required by former § 66-107 may not defeat recovery by plaintiff, if defendants' negligence, concurring with one or more efficient causes, other than plaintiff's fault, was the proximate cause of the injury. Southwestern Freight Lines, Ltd. v. Floyd, 58 Ariz. 249, 119 Pac. (2d) 120.

Question for Jury.

The question as to whether failure to give audible warning, before passing or attempting to pass, in any way contributed to the accident and plaintiff's injury was for the jury. Southwestern Freight Lines, Ltd. v. Floyd, 58 Ariz. 249, 119 Pac. (2d) 120.

66-163c. When overtaking on the right is permitted.—(a) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

1. When the vehicle overtaken is making or about to make a left turn;
2. Upon a street or highway with unobstructed pavement not occupied by parked vehicles of sufficient width for two or more lines of moving vehicles in each direction;

3. Upon a one-way street, or upon any roadway on which traffic is restricted to one [1] direction of movement, where the roadway is free from obstructions and of sufficient width for two [2] or more lines of moving vehicles.

   (b) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway. [Laws 1950 (1st S. S.), ch. 3, § 66.]

66-163d. Limitations on overtaking on the left.—No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to the right-hand side of the roadway before coming within 100 feet of any vehicle approaching from the opposite direction. [Laws 1950 (1st S. S.), ch. 3, § 67.]

66-163e. Further limitations on driving to left of center of roadway. —(a) No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

   1. When approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

   2. When approaching within 100 feet of or tranversing any intersection or railroad grade crossing;

   3. When the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel.

   (b) The foregoing limitations shall not apply upon a one-way roadway. [Laws 1950 (1st S. S.), ch. 3, § 68.]

66-163f. No-passing zones.—The commission is hereby authorized to determine those portions of any highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof. [Laws 1950 (1st S. S.), ch. 3, § 69.]

66-163g. One-way roadways and rotary traffic islands.—(a) The commission may designate any highway or any separate roadway under its jurisdiction for one-way traffic and shall erect appropriate signs giving notice thereof.
Upon a roadway designated and signposted for one-way traffic a vehicle shall be driven only the direction designated.

A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [Laws 1950 (1st S. S.), ch. 3, § 70.]

Driving on roadways laned for traffic.—Whenever any roadway has been divided into two [2] or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(a) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(b) Upon a roadway which is divided into three [3] lanes a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is signposted to give notice of such allocation.

(c) Official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such sign. [Laws 1950 (1st S. S.), ch. 3, § 71.]

Following too closely.—(a) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(b) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall whenever conditions permit leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicles.

(c) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions. [Laws 1950 (1st S. S.), ch. 3, § 72.]

Decisions under Prior Law

Following Too Closely.
Former § 66-109 recognizes that there is danger of collision between motor vehicles traveling in the same direction upon the same highway and following each other too closely. Southwestern Freight Lines, Ltd. v. Floyd, 58 Ariz. 249, 119 Pac. (2d) 120.

Instructions to Jury.
In action by bus passenger to recover damages for injuries sustained by sud-
den stoppage of the vehicle, a rescript of the statutes regarding excessive rate of speed and prohibition against following another vehicle too closely, constituted reversible error in the instructions, in view of the fact that there was no allegation in the complaint nor any evidence on these two points. Phoenix v. Mubarek Ali Khan, 72 Ariz. 1, 229 Pac. (2d) 948.

Question for Jury.

Whether or not a truck was following a bicycle too closely was a question of fact for the jury. Southwestern Freight Lines, Ltd. v. Floyd, 58 Ariz. 249, 119 Pac. (2d) 120.

66-163j. Driving on divided highways.—Whenever any highway has been divided into two [2] roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section so constructed as to impede vehicular traffic, every vehicle shall be driven only upon the right-hand roadway and no vehicle shall be driven over, across, or within any such dividing space, barrier, or section, except through an opening in such physical barrier or dividing section or space or at a crossover or intersection established by public authority. [Laws 1950 (1st S. S.), ch. 3, § 73.]

66-163k. Restricted access.—No person shall drive a vehicle onto or from any controlled-access roadway except at such entrances and exits as are established by public authority. [Laws 1950 (1st S. S.), ch. 3, § 74.]

66-163l. Restrictions on use of controlled-access roadway.—The commission may by resolution or order enter in its minutes and local authorities may by ordinance with respect to any controlled-access roadway under their respective jurisdictions prohibit the use of any such roadway by pedestrians, bicycles, or other non-motorized traffic or by any person operating a motor-driven cycle.

The commission or the local authority adopting any such prohibitory regulation shall erect and maintain official signs on the controlled access roadway on which such regulations are applicable and when so erected no person shall disobey the restrictions stated on such signs. [Laws 1950 (1st S. S.), ch. 3, § 75.]

66-164. Required position and method of turning at intersections.—The driver of a vehicle intending to turn at an intersection shall do so as follows:

(a) Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(b) Left turns on two-way roadways. At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection and after entering the intersection the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn shall be made in that portion of the intersection to the left of the center of the intersection.
(c) Left turns on other than two-way roadways. At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle and after entering the intersection the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered.

(d) The commission or local authorities in their respective jurisdictions may cause markers, buttons, or signs to be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when markers, buttons, or signs are so placed no driver of a vehicle shall turn a vehicle at an intersection other than as directed and required by such markers, buttons, or signs. [Laws 1950 (1st S. S.), ch. 3, § 76.]

66-164a. Turning on curve or crest of grade prohibited.—No vehicle shall be turned so as to proceed in the opposite direction upon any curve, or upon the approach to, or near the crest of a grade, where such vehicle cannot be seen by the driver of any other vehicle approaching from either direction within 500 feet. [Laws 1950 (1st S. S.), ch. 3, § 77.]

66-164b. Starting parked vehicles.—No person shall start a vehicle which is stopped, standing, or parked unless and until such movement can be made with reasonable safety. [Laws 1950 (1st S. S.), ch. 3, § 78.]

66-164c. Turning movements and required signals.—(a) No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway as required in section 76 (§ 66-164), or turn a vehicle to enter a private road or driveway or otherwise turn a vehicle from a direct course or move right or left upon a roadway unless and until such movement can be made with reasonable safety. No person shall so turn any vehicle without giving an appropriate signal in the manner hereinafter provided in the event any other traffic may be affected by such movement.

(b) A signal of intention to turn right or left when required shall be given continuously during not less than the last 100 feet traveled by the vehicle before turning.

(c) No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal. [Laws 1950 (1st S. S.), ch. 3, § 79.]

**Decisions under Prior Law**

In General.

A party having given another reasonable cause for alarm can not complain that the person so alarmed has not exercised cool presence of mind, and thereby find protection from responsibility for damages. Southwestern Freight Lines, Ltd., v. Floyd, 58 Ariz. 249, 119 Pac. (2d) 120.

Construction of Statute.

Former $66-111$ did not require a driver, before he makes a left-hand turn, to become "an insurer of others,"

nor does it require "absolute safety." Phoenix Baking Co. v. Vaught, 62 Ariz. 222, 156 Pac. (2d) 725.

It was not intended, by the provisions of former § 66-111, that a motorist be required to sound his horn to prevent pedestrian from walking into the side of his vehicle. Phoenix v. Mullen, 65 Ariz. 83, 174 Pac. (2d) 422.

Negligence per se.

Where evidence disclosed that pedestrian was struck by bus making a right hand turn, the court did not err in instructing the jury that the bus driver's violation of this section in failing to sound his horn was negligence per se.

66-164d. Signals by hand and arm or signal device.—Any stop or turn signal when required herein shall be given either by means of the hand and arm or by a signal lamp or lamps or mechanical signal device of a type approved by the department, but when a vehicle is so constructed or loaded that a hand-and-arm signal would not be visible both to the front and rear of such vehicle then said signals must be given by such a lamp or lamps or signal device. [Laws 1950 (1st S. S.), ch. 3, § 80.]

66-164e. Method of giving hand-and-arm signals.—All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner and such signals shall indicate as follows:

1. Left turn. Hand and arm extended horizontally.
2. Right turn. Hand and arm extended upward.
3. Stop or decrease speed. Hand and arm extended downward.

[Laws 1950 (1st S. S.), ch. 3, § 81.]

66-164f. Vehicle approaching or entering intersection.—(a) The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway.

(b) When two vehicles enter an intersection from different highways at approximately the same time the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(c) The right-of-way rules declared in paragraphs (a) and (b) are modified at through highways and otherwise as stated in sections 82 to 86 [§§ 66-164f—66-164j] inclusive. [Laws 1950 (1st S. S.), ch. 3, § 82.]

DEcISIONS UNDER PRIOR LAW

Right-of-Way.

If the left hand vehicle enters the highway at a time not approximately that at which the right hand vehicle approaches or enters it, but before it, the left hand vehicle is within its rights in so entering. Hall v. Wallace, 59 Ariz. 503, 130 Pac. (2d) 36.

66-164g. Vehicle turning left at intersection.—The driver of a vehicle within an intersection intending to turn to the left shall yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an

Arizona Code—49
immediate hazard, but said driver, having so yielded and having given a signal when and as required by this act, may make such left turn and the drivers of all other vehicles approaching the intersection from said opposite direction shall yield the right-of-way to the vehicle making the left turn. [Laws 1950 (1st S. S.), ch. 3, § 83.]

66-164h. Vehicle entering through highway or stop intersection.—
(a) The driver of a vehicle shall stop as required by section 105 [§ 66-169] of this act at the entrance to a through highway and shall yield the right-of-way to other vehicles which have entered the intersection from said through highway or which are approaching so closely on said through highway as to constitute an immediate hazard, but said driver having so yielded may proceed and the drivers of all other vehicles approaching the intersection on said through highway shall yield the right-of-way to the vehicle so proceeding into or across the through highway.

(b) The driver of a vehicle shall likewise stop in obedience to a stop sign as required herein at an intersection where a stop sign is erected at one [1] or more entrances thereto although not a part of a through highway and shall proceed cautiously, yielding to vehicles not so obliged to stop which are within the intersection or approaching so closely as to constitute an immediate hazard, but may then proceed. [Laws 1950 (1st S-S.), ch. 3, § 84.]

Decisions under Prior Law

Proximate Cause.
Failure of driver to obey mandate of stop sign at intersection is not such an independent force which constitutes an intervening cause that the original negligence is no longer proximate cause of the injury. Nichols v. Phoenix, 68 Ariz. 124, 202 Pac. (2d) 201.

66-164i. Vehicle entering highway from private road or driveway.—
The driver of a vehicle about to enter or cross a highway from a private road or driveway shall yield the right-of-way to all closely approaching vehicles on said highway. [Laws 1950 (1st S. S.), ch. 3, § 85.]

Decisions under Prior Law

Questions for Jury.
Where, defendant, the driver of a truck entering the highway from a private drive, while still about 15 feet from the highway saw plaintiff approaching on the highway but believing plaintiff was far enough away proceeded to cross the highway but did not look again toward plaintiff until the front of his truck was in the middle of the highway, the question of his negligence should have been submitted to the jury. Keeler v. Maricopa Tractor Co., 59 Ariz. 94, 123 Pac. (2d) 166.

66-164j. Operation of vehicles on approach of authorized emergency vehicles.—(a) Upon the immediate approach of an authorized emergency vehicle equipped with at least one [1] lighted lamp exhibiting red light visible under normal atmospheric conditions from a distance of 500 feet to the front of such vehicle other than a police vehicle when operated as an authorized emergency vehicle, and when the driver is giving audible signal by siren, exhaust whistle, or bell:

1. The driver of every vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to,
the right-hand edge or curb of the roadway clear of any intersection
and shall stop and remain in such position until the authorized emer-
gency vehicle has passed, except when otherwise directed by a police
officer.

2. The driver of any vehicle other than one [1] on official business
shall not follow any fire apparatus traveling in response to a fire alarm
closer than 500 feet or drive into or park such vehicle within the block
where fire apparatus has stopped in answer to a fire alarm.

(b) This section shall not operate to relieve the driver of an author-
ized emergency vehicle from the duty to drive with due regard for the
safety of all persons using the highway. [Laws 1950 (1st S. S.), ch.
3, § 86.]

66-165. Pedestrians subject to traffic regulations.—(a) Pedestrians
shall be subject to traffic-control signals at intersections as provided in
section 34 [§ 66-153g] of this act unless required by local ordinance
to comply strictly with such signals, but at all other places pedestrians
shall be accorded the privilege and shall be subject to the restrictions
stated in sections 87 to 92 inclusive [§§ 66-165—66-165f].

(b) Local authorities are hereby empowered by ordinance to require
that pedestrians shall strictly comply with the directions of any official
traffic-control signal and may by ordinance prohibit pedestrians from
crossing any roadway in a business district or any designated highways
except in a cross walk. [Laws 1950 (1st S. S.), ch. 3, § 87.]

66-165a. Pedestrians' right-of-way in cross walks.—(a) When traf-
fic-control signals are not in place or not in operation the driver of a
vehicle shall yield the right-of-way, slowing down or stopping if need
be to so yield, to a pedestrian crossing the roadway within a cross walk
when the pedestrian is upon the half of the roadway upon which the
vehicle is traveling, or when the pedestrian is approaching so closely
from the opposite half of the roadway as to be in danger, but no pedes-
trian shall suddenly leave a curb or other place of safety and walk or
run into the path of a vehicle which is so close that it is impossible
for the driver to yield. This provision shall not apply under the condi-
tions stated in section 89 (b) [§ 66-165f].

(b) Whenever any vehicle is stopped at a marked cross walk or at
any unmarked cross walk at an intersection to permit a pedestrian to
cross the roadway, the driver of any other vehicle approaching from the
rear shall not overtake and pass such stopped vehicle. [Laws 1950 (1st
S. S.), ch. 3, § 88.]

DECISSIONS UNDER PRIOR LAW

Pleadings.

Plaintiff’s complaint sufficiently pleaded
bus driver’s failure to yield right of way
to plaintiff so as to authorize an in-
struction that the defendant’s failure so
to do was negligence per se. Phoenix v.
Mullen, 65 Ariz. 83, 174 Pac. (2d) 422.

66-165b. Crossing at other than cross walk.—(a) Every pedestrian
crossing a roadway at any point other than within a marked cross walk
or within an unmarked cross walk at an intersection shall yield the
right-of-way to all vehicles upon the roadway.
(b) Any pedestrian crossing a roadway at a point where a pedestrian tunnel or overhead pedestrian crossing has been provided shall yield the right-of-way to all vehicles upon the roadway.

(c) Between adjacent intersections at which traffic-control signals are in operation pedestrians shall not cross at any place except in a marked cross walk. [Laws 1950 (1st S. S.), ch. 3, § 89.]

66-165c. Pedestrians to use right half of cross walk.—Pedestrians shall move expeditiously, whenever practicable, upon the right half of cross walks. [Laws 1950 (1st S. S.), ch. 3, § 90.]

66-165d. School crossings.—In front of each school building, or school grounds abutting thereon, the commission by and with the advice of the school board or superintendent of schools, is hereby empowered to mark or cause to be marked by the department, or local authorities, a single cross-walk where children shall be required to cross the highway.

Additional crossings across highways not abutting on school grounds may be approved by the department, or local authorities, upon application of school authorities, with written satisfactory assurance given the department or local authorities that guards will be maintained by the school district at such crossings to enforce the proper use of the crossing by school children.

The sign manual shall provide for yellow marking of the school crossing, yellow marking of the center line of the roadway, the erection of portable signs indicating that vehicles must stop when persons are in the crossing. The manual shall also provide the type and wording of portable signs indicating that school is in session, and permanent signs providing warning of approach to school crossings.

When such crossings are established school authorities shall place within the highway the portable signs indicating that school is in session, placed not to exceed 300 feet each side of the school crossings, and "stop when children in crosswalk" signs at school crossings. School authorities shall maintain these signs when school is in session and shall cause them to be removed immediately thereafter.

No vehicle shall proceed at a speed to exceed 15 miles per hour when approaching the crosswalk and while between the portable signs placed on the highway indicating "school in session" and "stop when children in crosswalk."

Whenever the term "school in session" is used in this section, either referring to the period of time or to signs, it means during school hours or while children are going to or leaving school during opening or closing hours.

Whenever the school authorities place and maintain the required portable "school in session" signs and "stop when children in crosswalk" signs, all vehicles shall come to a complete stop at the school crossing when crosswalk is occupied by any person. [Laws 1950 (1st S. S.), ch. 3, § 90.1.]

66-165e. Drivers to exercise due care. Notwithstanding the foregoing provisions of this act every driver of a vehicle shall exercise due
care to avoid colliding with any pedestrian upon any roadway and shall
give warning by sounding the horn when necessary and shall exercise
proper precaution upon observing any child or any confused or incapaci-
ticated person upon a roadway. [Laws 1950 (1st S. S.), ch. 3, § 91.]

66-165f. Pedestrians on roadways.—(a) Where sidewalks are pro-
vided it shall be unlawful for any pedestrian to walk along and upon
an adjacent roadway.
(b) Where sidewalks are not provided any pedestrian walking along
and upon a highway shall when practicable walk only on the left side
of the roadway or its shoulder facing traffic which may approach from
the opposite direction.
(c) No person shall stand in a roadway for the purpose of soliciting
a ride from the driver of any vehicle. [Laws 1950 (1st S. S.), ch. 3, § 92.]

66-165g. Use of white cane.—(a) Any person who is wholly or in-
dustrially blind shall, when walking on a street or highway, unless
guided by a guide dog or assisted by a person with sight, carry a white
cane with a red tip of approximately eight [8] inches. For the pur-
poses of this section a person is blind who has central visual acuity of
20/200 or less in the better eye or central visual acuity of more than
20/200 in the better eye if there is a field defect in which the peripheral
field has contracted to such an extent that the widest diameter of visual
field subtends an angular distance no greater than twenty degrees. It
is unlawful for a person who is not blind or industrially blind to carry
on the streets or highways a white cane with a red tip.
(b) Any person operating a motor vehicle other than an emergency
vehicle the siren of which is being sounded, shall bring such motor ve-
hicle to a stop and yield the right of way at any street, avenue, alley
or public highway intersection to a blind or industrially blind
person carrying a white cane with a red tip of approximately eight [8]
 inches, or who is being guided by a guide dog when such person enters
the intersection.
(c) This section shall not be construed to deprive any totally or in-
dustrially blind person not carrying a white cane or being guided by a
dog, of the rights and privileges conferred by law upon pedestrians
crossing ways, nor shall the failure of a blind person to carry a white
cane or be guided by a guide dog while on the ways be held to constitute
prima facie evidence of contributory negligence.
(d) The violation of any provision of this section is a misdemeanor.
[Code 1939, § 66-165g as added by Laws 1952, ch. 55, § 1.]

**Decisions under Prior Law**

**Causal Relation.**

Failure to have bicycle equipped with lights as required by statute is negligence, but in the absence of evidence tending to show that such negligence contributed to the accident, plaintiff may recover for injuries received. Southwestern Freight Lines, Ltd. v. Floyd, 58 Ariz. 249, 119 Pac. (2d) 120.

66-167. **Driving through safety zone prohibited.**—No vehicle shall at any time be driven through or within a safety zone. [Laws 1950 (1st S. S.), ch. 3, § 100.]

66-168. **Obedience to signal indicating approach of train.**—(a) Whenever any person driving a vehicle approaches a railroad grade crossing under any of the circumstances stated in this section, the driver of such vehicle shall stop within 50 feet but not less than 15 feet from the nearest rail of such railroad, and shall not proceed until he can do so safely. The foregoing requirements shall apply when:

1. A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train;
2. A crossing gate is lowered or when a human flagman gives or continues to give a signal of the approach or passage of a railroad train;
3. A railroad train approaching within approximately 1,500 feet of the highway crossing emits a signal audible from such distance and such railroad train, by reason of its speed or nearness to such crossing is an immediate hazard;
4. An approaching railroad train is plainly visible and is in hazardous proximity to such crossing.

(b) No person shall drive any vehicle through, around, or under any crossing gate or barrier at a railroad crossing while such gate or barrier is closed or is being opened or closed. [Laws 1950 (1st S. S.), ch. 3, § 101.]

66-168a. **All vehicles must stop at certain railroad grade crossings.**

The commission and local authorities with the approval of the commission are hereby authorized to designate particularly dangerous highway grade crossings of railroads and to erect stop signs thereat. When such stop signs are erected the driver of any vehicle shall stop within 50 feet but not less than 15 feet from the nearest rail of such railroad and shall proceed only upon exercising due care. [Laws 1950 (1st S. S.), ch. 3, § 102.]

66-168b. **Certain vehicles must stop at all railroad grade crossings.**

(a) The driver of any motor vehicle carrying passengers for hire, or of any school bus carrying any school child, or of any vehicle carrying or returning after delivery of explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or
tracks of a railroad, shall stop such vehicle within 50 feet but not less than 15 feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train, and for signals indicating the approach of a train, except as hereinafter provided, and shall not proceed until he can do so safely. After stopping as required herein and upon proceeding when it is safe to do so the driver of any said vehicle shall cross only in such gear of the vehicle that there will be no necessity for changing gears while traversing such crossing and the driver shall not shift gears while crossing the track or tracks.

floodlight projected on the face of the sign, or by efficient reflecting elements on the face of the sign.

[Laws 1950 (1st S. S.), ch. 3, § 106.]

66-170. Overtaking and passing school bus.—(a) The driver of a vehicle upon a highway outside of a business or residence district upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such school bus and shall not proceed until such school bus resumes motion, or until signaled by the driver to proceed.

(b) Every bus used for the transportation of school children shall bear upon the front and rear thereon a plainly visible sign containing the words “School bus” in letters not less than 8 inches in height. When a school bus is being operated upon a highway for purposes other than the actual transportation of children either to or from school all markings thereon indicating “School bus” shall be covered or concealed.

Such standards and specifications shall correlate with and, so far as possible, conform to the specifications then current as approved by the society of automotive engineers.

(b) It shall be unlawful to operate any flashing warning signal light on any school bus except when any said school bus is stopped on a highway for the purpose of permitting school children to board or alight from said school bus. [Laws 1950 (1st S. S.), ch. 3, § 106.6.]

Stopping, standing, or parking outside of business or residence district.—(a) Upon any highway outside of a business or residence district no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the highway when it is practicable to stop, park, or so leave such vehicle off such part of said highway, but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles and a clear view of such stopped vehicles shall be available from a distance of 200 feet in each direction upon such highway.

(b) This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position. [Laws 1950 (1st S. S.), ch. 3, § 107.]

Compiler's Note.

For early decisions under prior law, see § 66-116, parent volume.

**DESCRIPTIVE UNDER PRIOR LAW**

**Actionable Negligence.**

Dereliction to conform to statute which requires that cars be parked off the highway was not of itself an act of actionable negligence, but could only be so if in fact it proximately caused or contributed to the accident. Motors Insurance Corp. v. Rhoton, 72 Ariz. 416, 236 Pac. (2d) 739.

**Cause of Accident.**

Plaintiff's failure after prior minor accident to remove car entirely from highway was not efficient or contributing cause of accident where physical facts demonstrated that defendant was driving at high rate of speed without due regard to traffic, surface and width of the highway and other conditions then existing. Motors Insurance Corp. v. Rhoton, 72 Ariz. 416, 236 Pac. (2d) 739.

**Instructions to Jury.**

In case where automobile which had run out of gasoline was being pushed upon highway at time accident occurred, instruction which omitted therefrom the exception referring to disabled vehicles was clearly misleading to the jury and prejudicial, as complete statement of the law was in no manner given elsewhere in the instructions. Krauth v. Billar, 71 Ariz. 298, 226 Pac. (2d) 1012.

**Jury Question.**

Asserted contributory negligence of plaintiffs in not removing stalled automobile from highway was for jury alone. Valley Transportation System v. Reinartz, 67 Ariz. 380, 197 Pac. (2d) 269.
66-171a. Officers authorized to remove illegally stopped vehicles.—
(a) Whenever any police officer finds a vehicle standing upon a highway in violation of any of the foregoing provisions of section 107 [§ 66-171] such officer is hereby authorized to move such vehicle, or require the driver or other person in charge of the vehicle to move the same, to a position off the paved or main-traveled part of such highway.

(b) Whenever any police officer finds a vehicle unattended upon any bridge or causeway or in any tunnel where such vehicle constitutes an obstruction to traffic, such officer is hereby authorized to provide for the removal of such vehicle to the nearest garage or other place of safety. [Laws 1950 (1st S. S.), ch. 3, § 108.]

66-171b. Stopping, standing, or parking prohibited in specified places. —(a) No person shall stop, stand, or park a vehicle, except when necessary to avoid conflict with other traffic or in compliance with law or the directions of a police officer or traffic-control device, in any of the following places:
1. On a sidewalk;
2. In front of a public or private driveway;
3. Within an intersection;
4. Within 15 feet of a fire hydrant;
5. On a crosswalk;
6. Within 20 feet of a crosswalk at an intersection;
7. Within 30 feet upon the approach to any flashing beacon, stop sign, or traffic-control signal located at the side of a roadway;
8. Between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless the commission or local authorities indicates a different length by signs or markings;
9. Within 50 feet of the nearest rail or a railroad crossing or within 8 feet 6 inches of the center of any railway track, except while a motor vehicle with motive power attached is loading or unloading railroad cars;
10. Within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of said entrance when properly posted;
11. Alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic;
12. On the roadway side of any vehicle stopped or parked at the edge or curb of a street;
13. Upon any bridge or other elevated structure upon a highway or within a highway tunnel;
14. At any place where official signs prohibit stopping.
(b) No person shall move a vehicle not lawfully under his control into any such prohibited area or away from a curb such distance as is unlawful. [Laws 1950 (1st S. S.), ch. 3, § 109.]

66-171c. Additional parking regulations.—(a) Except as otherwise provided in this section every vehicle stopped or parked upon a roadway
where there are adjacent curbs shall be so stopped or parked with the right-hand wheels of such vehicle parallel to and within 18 inches of the right-hand curb.

(b) Local authorities may by ordinance permit parking of vehicles with the left-hand wheels adjacent to and within 18 inches of the left-hand curb of a one-way roadway.

(c) Local authorities may by ordinance permit angle parking on any roadway, except that angle parking shall not be permitted on any federal-aid or state highway unless the commission has determined by resolution or order entered in its minutes that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(d) The commission with respect to highways under its jurisdiction may place signs prohibiting or restricting the stopping, standing, or parking of vehicles on any highway where in its opinion, as evidenced by resolution or order entered in its minutes, such stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing or parking of vehicles would unduly interfere with the free movement of traffic thereon. Such signs shall be official signs and no person shall stop, stand, or park any vehicle in violation of the restrictions stated on such signs. [Laws 1950 (1st S. S.), ch. 3, § 110.]

66-171d. Limitations on backing.—The driver of a vehicle shall not back the same unless such movement can be made with reasonable safety and without interfering with other traffic. [Laws 1950 (1st S. S.), ch. 3, § 111.]

66-171e. Riding on motorcycles.—A person operating a motorcycle shall ride only upon the permanent and regular seat attached thereto, and such operator shall not carry any other person nor shall any other person ride on a motorcycle unless such motorcycle is designed to carry more than one [1] person, in which event a passenger may ride upon the permanent and regular seat if designed for two [2] persons, or upon another seat firmly attached to the rear or side of the operator. [Laws 1950 (1st S. S.), ch. 3, § 111.5.]

66-171f. Obstruction to driver's view or driving mechanism.—(a) No person shall drive a vehicle when it is so loaded, or when there are in the front seat such number of persons, exceeding three, as to obstruct the view of the driver to the front or sides of the vehicle or as to interfere with the driver's control over the driving mechanism of the vehicle.

(b) No passenger in a vehicle shall ride in such position as to interfere with the driver's view ahead or to the sides, or to interfere with his control over the driving mechanism of the vehicle. [Laws 1950 (1st S. S.), ch. 3, § 112.]

66-171g. Driving on mountain highways.—The driver of a motor vehicle traveling through defiles or canyons or on mountain highways shall hold such motor vehicle under control and as near the right-hand
edge of the roadway as reasonably possible. [Laws 1950 (1st S. S.), ch. 3, § 113.]

66-171h. Coasting prohibited.—(a) The driver of any motor vehicle when traveling upon a down grade shall not coast with the gears of such vehicle in neutral.  
(b) The driver of a commercial motor vehicle when traveling upon a down grade shall not coast with the clutch disengaged. [Laws 1950 (1st S. S.), ch. 3, § 114.]

66-171i. Crossing fire hose.—No vehicle shall be driven over any unprotected hose of a fire department when laid down on any street, or private driveway to be used at any fire or alarm of fire, without the consent of the fire department official in command. [Laws 1950 (1st S. S.), ch. 3, § 115.]

66-171j. Putting glass, etc. on roadway prohibited.—(a) No person shall throw or deposit upon any roadway any glass bottle, glass, nails, tacks, wire, cans, or any other substance likely to injure any person, animal, or vehicle upon such roadway.  
(b) Any person who drops, or permits to be dropped or thrown, upon any roadway any destructive or injurious material shall immediately remove the same or cause it to be removed.  
(c) Any person removing a wrecked or damaged vehicle from a highway shall remove any glass or other injurious substance dropped upon the highway from such vehicle. [Laws 1950 (1st S. S.), ch. 3, § 116.]

66-172. 66-174e. Obstructed lights not required.—Whenever motor and other vehicles are operated in combination during the times that lights are required, any lamp (except tail lamps) need not be lighted which, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination, but this shall not affect the requirement that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps, nor that all lights required on the rear of the rearmost vehicle of any combination shall be lighted. [Laws 1950 (1st S. S.), ch. 3, § 128.]

66-174g. Lamps on parked vehicles.—(a) Whenever a vehicle is lawfully parked upon a street or highway during the hours between a half hour after sunset and a half hour before sunrise and in the event there is sufficient light to reveal any person or object within a distance of 500 feet upon such street or highway no lights need be displayed upon such parked vehicle.

(b) Whenever a vehicle is parked or stopped upon a roadway or shoulder adjacent thereto, whether attended or unattended, during the hours between a half hour after sunset and a half hour before sunrise and there is not sufficient light to reveal any person or object within a distance of 500 feet upon such highway, such vehicle so parked or stopped shall be equipped with one [1] or more lamps which shall exhibit a white light on the roadway side visible from a distance of 500 feet to the front of such vehicle and a red light visible from a distance of 500 feet to the rear. The foregoing provisions shall not apply to a motor-driven cycle.

(c) Any lighted head lamps upon a parked vehicle shall be depressed or dimmed. [Laws 1950 (1st S. S.), ch. 3, § 130.]

66-174i. Spot lamps and auxiliary lamps.—(a) Spot lamps. Any motor vehicle may be equipped with not to exceed one [1] spot lamp and every lighted spot lamp shall be so aimed and used upon approaching another vehicle that no part of the high-intensity portion of the beam will be directed to the left of the prolongation of the extreme left side of the vehicle nor more than 100 feet ahead of the vehicle.

(b) Fog lamps. Any motor vehicle may be equipped with not to exceed two [2] fog lamps mounted on the front at a height not less than 12 inches nor more than 30 inches above the level surface upon which the vehicle stands and so aimed that when the vehicle is not loaded none of the high-intensity portion of the light to the left of the center of the vehicle shall at a distance of 25 feet ahead project higher than a level of 4 inches below the level of the center of the lamp from which it comes.

(c) Auxiliary passing lamp. Any motor vehicle may be equipped with not to exceed one [1] auxiliary passing lamp mounted on the front at a height not less than 24 inches nor more than 42 inches above the level surface upon which the vehicle stands and every such auxiliary passing lamp shall meet the requirements and limitations set forth in sections 118 to 143 inclusive [§§ 66-173—66-173v].

(d) Auxiliary driving lamp. 1. A stop lamp on the rear which shall emit a red or yellow light and which shall be actuated upon application of the service (foot) brake and which may but need not be incorporated with a tail lamp.

2. A lamp or lamps or mechanical signal device capable of clearly indicating any intention to turn either to the right or to the left and which shall be visible both from the front and rear.

(b) A stop lamp shall be plainly visible and understandable from a distance of 100 feet to the rear both during normal sunlight and at nighttime and a signal lamp or lamps indicating intention to turn shall be visible and understandable during daytime and nighttime from a distance of 100 feet both to the front and rear. When a vehicle is equipped with a stop lamp or other signal lamps, such lamp or lamps shall at all times be maintained in good working condition. No stop lamp or signal lamp shall project a glaring or dazzling light.
(c) All mechanical signal devices shall be self-illuminated when in use at the times mentioned in section 119 [§ 66-173a]. [Laws 1950 (1st S. S.), ch. 3, § 133.]

66-174l. Multiple-beam road-lighting equipment.—Except as herein-after provided, the head lamps or the auxiliary driving lamp, or the auxiliary passing lamp, or combinations thereof, on motor vehicles other than a motorcycle or motor-driven cycle shall be so arranged that the driver may select at will between distributions of light projected to different elevations, subject to the following requirements and limitations:

(a) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least 350 feet ahead for all conditions of loading. The maximum intensity of this uppermost distribution of light or composite beam 1 degree of arc or more above the horizontal level of the lamps when the vehicle is not loaded shall not exceed 8,000 apparent candlepower, and at no other point of the distribution of light or composite beam shall there be an intensity of more than 75,000 apparent candlepower.

(b) There shall be a lowermost distribution of light, or composite beam, so aimed that:

1. When the vehicle is not loaded, none of the high-intensity portion of the light which is directed to the left of the prolongation of the extreme left side of the vehicle shall, at a distance of 25 feet ahead, project higher than a level of 8 inches below the level of the center of the lamp from which it comes.

2. When the vehicle is not loaded, none of the high-intensity portion of the light which is directed to the right of the prolongation of the extreme left side of the vehicle shall, at a distance of 25 feet ahead, project higher than a level of 3 inches below the level of the center of the lamp from which it comes.

3. In no event shall any of the high intensity of such lower-most distribution of light or composite beam project higher than a level of 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead.

(c) Where one [1] intermediate beam is provided, the beam on the left side of the road shall be in conformity with item 1 of paragraph (b) of this section except when arranged in accordance with the practice specified in paragraph (e).
(d) All head lighting beams shall be so aimed and of sufficient intensity to reveal a person or vehicle at a distance of at least 100 feet ahead.

(e) Every new motor vehicle, other than a motorcycle or motor-driven cycle, registered in this state after January 1, 1951, which has multiple-beam road-lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the upper-most distribution of light from the head lamps is in use, and shall not otherwise be lighted. Said indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped. [Laws 1950 (1st S. S.), ch. 3, § 135.]

66-174m. Use of multiple-beam road-lighting equipment.—(a) Whenever a motor vehicle is being operated on a roadway or shoulder adjacent thereto during the times specified in section 119 [§ 66-173a], the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(b) Whenever the driver of a vehicle approaches an oncoming vehicle within 500 feet, such driver shall use a distribution of light or composite beam so aimed that the glaring rays are not projected into the eyes of the oncoming driver, and in no case shall the high-intensity portion which is projected to the left of the prolongation of the extreme left side of the vehicle be aimed higher than the center of the lamp from which it comes at a distance of 25 feet ahead, and in no case higher than a level of 42 inches above the level upon which the vehicle stands at a distance of 75 feet ahead.

(c) Whenever the driver of a vehicle overtakes another vehicle proceeding in the same direction and within 200 feet, such driver shall use a distribution of light or composite beam so aimed that the glaring rays are not projected through the rear window of the overtaken vehicle.

The lowermost distribution of light specified in item 1 of section 135 (b) [§ 66-174d(b)] shall be deemed to avoid glare at all times, regardless of road contour and loading. [Laws 1950 (1st S. S.), ch. 3, § 136.]

66-174n. Single-beam road-lighting equipment.—Head lamps arranged to provide a single distribution of light shall be permitted on motor vehicles manufactured and sold prior to 1 year after the effective date of this act [§§ 66-151—66-189] in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

1. The head lamps shall be so aimed that when the vehicle is not loaded none of the high intensity portion of the light shall at a distance of 25 feet ahead project higher than a level of 5 inches below the level of the center of the lamp from which it comes, and in no case higher than 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead.

2. The intensity shall be sufficient to reveal persons and vehicles at a distance of at least 200 feet. [Laws 1950 (1st S. S.), ch. 3, § 137.]
66-174o. Lighting equipment on motor-driven cycles.—The head lamp or head lamps upon every motor-driven cycle may be of the single-beam or multiple-beam type but in either event shall comply with the requirements and limitations as follows:

1. Every said head lamp or head lamps on a motor-driven cycle shall be of sufficient intensity to reveal a person or a vehicle at a distance of not less than 100 feet when the motor-driven cycle is operated at any speed less than 25 miles per hour and at a distance of not less than 200 feet when the motor-driven cycle is operated at a speed of 25 or more miles per hour, and any such motor-driven cycle shall be subject to the speed limitations in section 60 [§ 66-160].

2. In the event the motor-driven cycle is equipped with a multiple-beam head lamp or head lamps the upper beam shall meet the minimum requirements set forth above and shall not exceed the limitations set forth in section 135 (a) [§ 66-174l(a)] and the lowermost beam shall meet the requirements applicable to a lowermost distribution of light as set forth in section 135 (b) [§ 66-174l(b)].

3. In the event the motor-driven cycle is equipped with a single-beam lamp or lamps, said lamp or lamps shall be so aimed that when the vehicle is loaded none of the high-intensity portion of light, at a distance of 25 feet ahead, shall project higher than the level of the center of the lamp from which it comes. [Laws 1950 (1st S. S.), ch. 3, § 137.5.]

66-174p. Alternate road-lighting equipment.—Any motor vehicle may be operated under the conditions specified in section 119 [§ 66-173a] when equipped with two [2] lighted lamps upon the front thereof capable of revealing persons and objects 76 feet ahead in lieu of lamps required in section 135 [§ 66-174l] or section 137 [§ 66-174o], provided, however, that at no time shall it be operated at a speed in excess of 20 miles per hour. [Laws 1950 (1st S. S.), ch. 3, § 138.]

66-174q. Number of driving lamps required or permitted.—(a) At all times specified in section 119 [§ 66-173a], at least two [2] lighted lamps shall be displayed, one [1] on each side at the front of every motor vehicle other than a motorcycle or motor-driven cycle, except when such vehicle is parked subject to the regulations governing lights on parked vehicles.

(b) Whenever a motor vehicle equipped with head lamps as herein required is also equipped with any auxiliary lamps or a spot lamp or any other lamp on the front thereof projecting a beam of intensity greater than 300 candlepower, not more than a total of four [4] of any such lamps on the front of a vehicle shall be lighted at any one time when upon a highway. [Laws 1950 (1st S. S.), ch. 3, § 139.]

66-174r. Special restrictions on lamps.—(a) Any lighted lamp or illuminating device upon a motor vehicle other than head lamps, spot lamps, auxiliary lamps, or flashing front-direction signals which projects a beam of light of an intensity greater than 300 candlepower shall be so directed that no part of the beam will strike the level of the roadway on which the vehicle stands at a distance of more than 75 feet from the vehicle.
(b) No person shall drive or move any vehicle or equipment upon any highway with any lamp or device thereon displaying a red light visible from directly in front of the center thereof. This section shall not apply to any vehicle upon which a red light visible from the front is expressly authorized or required by this code.

(c) Flashing lights are prohibited except on an authorized emergency vehicle, school bus, snow removal equipment or on any vehicle as a means for indicating a right or left turn. [Laws 1950 (1st S. S.), ch. 3, § 140.]

66-174s. Standards for lights on snow removal equipment.—(a) The commission shall adopt standards and specifications applicable to head lamps, clearance lamps, identification and other lamps on snow removal equipment when operated on the highways of this state in lieu of the lamps otherwise required on motor vehicles by this act [§§ 66-151—66-189]. Such standards and specifications may permit the use of flashing lights for purposes of identification on snow removal equipment when in service upon the highways. The standards and specifications for lamps referred to in this section shall correlate with and, so far as possible, conform with those approved by the American association of state highway officials.

(b) It shall be unlawful to operate any snow removal equipment on any highway unless the lamps thereon comply with and are lighted when and as required by the standards and specifications adopted as provided in this section. [Laws 1950 (1st S. S.), ch. 3, § 140.1.]

66-174t. Selling or using lamps or devices.—(a) No person shall have for sale, sell, or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer, or semi-trailer or use upon any such vehicle any head lamp, auxiliary driving lamp, rear lamp, signal lamp, or reflector which reflector is required hereunder, or parts of any of the foregoing which tend to change the original design or performance, unless of a type which has been submitted to the department and approved by them.

(b) No person shall have for sale, sell, or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer, or semi-trailer any lamp or device mentioned in this section which has been approved by the department unless such lamp or device bears thereon the trademark or name under which it is approved so as to be legible when installed.

(c) No person shall use upon any motor vehicle, trailer, or semi-trailer any lamps mentioned in this section unless said lamps are equipped with bulbs of a rated candlepower and are mounted and adjusted as to focus and aim in accordance with instructions of the department. [Laws 1950 (1st S. S.), ch. 3, § 141.]

66-174u. Authority of department with reference to lighting devices.

(a) The department is hereby authorized to approve or disapprove lighting devices.

(b) The department is hereby required to approve or disapprove any lighting device, of a type on which approval is specifically required
in this act [§§ 66-151—66-189], within a reasonable time after such device has been submitted.

(c) The department is further authorized to set up the procedure which shall be followed when any device is submitted for approval.

(d) The department upon approving any such lamp or device shall issue to the applicant a certificate of approval together with any instructions determined by them.

(e) The department shall publish lists of all lamps and devices by name and type which have been approved by them, together with instructions as to the permissible candela power rating of the bulbs which they have determined for use therein and such other instructions as to adjustment as the department may deem necessary.

(f) Any person desiring approval of a device shall submit to the department two [2] sets of each type of device upon which approval is desired, together with a certificate of the United States bureau of standards or to such other recognized testing laboratories, satisfactory to the department, as to the compliance of such type device with provisions of this act as to lighting performance.

If at the expiration of 90 days after such notice the person holding the certificate of approval for such device has failed to satisfy the department that said approved device as thereafter to be sold meets the requirements of this act, the department shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this act, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this act. The department may at the time of the retest purchase in the open market and submit to a testing agency one [1] or more sets of such approved devices, and if such device upon such retest fails to meet the requirements of this act, the department may refuse to renew the certificate of approval of such device. [Laws 1950 (1st S. S.), ch. 3, § 142.]

66-174v. Revocation of certificate of approval on lighting devices.— When the department has reason to believe that an approved device as being sold commercially does not comply with the requirements of this act [§§ 66-151—66-189], they may, after giving 30 days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of said approved device. After said hearing the department shall determine whether said approved device meets the requirements of this act. If said device does not meet the requirements of this act they shall give notice to the person holding the certificate of approval for such device in this state. [Laws 1950 (1st S. S.), ch. 3, § 143.]

66-175. Brakes.—(a) Brake equipment required.

1. Every motor vehicle, other than a motorcycle or motor-driven cycle, when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and hold such vehicle, including two [2] separate means of applying the brakes, each of which means shall be effective to apply the brakes to at least two [2] wheels.
If these two [2] separate means of applying the brakes are connected in any way, they shall be so constructed that failure of any one [1] part of the operating mechanism shall not leave the motor vehicle without brakes on at least two [2] wheels.

2. Every motorcycle and every motor-driven cycle, when operated upon a highway, shall be equipped with at least one [1] brake which may be operated by hand or foot.

3. Every trailer or semi-trailer of a gross weight of 3,000 pounds or more when operated upon a highway shall be equipped with brakes adequate to control the movement of and to stop and to hold such vehicle and so designed as to be applied by the driver of the towing motor vehicle from its cab, and said brakes shall be so designed and connected that in case of an accidental break-away of the towed vehicle the brakes shall be automatically applied.

4. Every new motor vehicle, trailer, or semi-trailer hereafter sold in this state and operated upon the highways shall be equipped with service brakes upon all wheels of every such vehicle, except any motorcycle or motor-driven cycle, and except that any semi-trailer of less than 1,500 pounds gross weight need not be equipped with brakes.

5. In any combination of motor-drawn vehicles, means shall be provided for applying the rearmost trailer brakes, of any trailer equipped with brakes, in approximate synchronism with the brakes on the towing vehicle and developing the required braking effort on the rearmost wheels at the fastest rate; or means shall be provided for applying braking effort first on the rearmost trailer equipped with brakes; or both of the above means capable of being used alternatively may be employed.

6. One of the means of brake operation shall consist of a mechanical connection from the operating lever to the brake shoes or bands and this brake shall be capable of holding the vehicle, or combination of vehicles, stationary under any condition of loading on any upgrade or downgrade upon which it is operated.

7. The brake shoes operating within or upon the drums on the vehicle wheels of any motor vehicle may be used for both service and hand operation.

(b) Performance ability of brakes. Every motor vehicle or combination of motor-drawn vehicles shall be capable, at all times and under all conditions of loading, of being stopped on a dry, smooth, level road free from loose material, upon application of the service (foot) brake, within the distances specified below, or shall be capable of being decelerated at a sustained rate corresponding to these distances:

<table>
<thead>
<tr>
<th>Feet to stop from 20 miles per hour</th>
<th>Deceleration in feet per second</th>
</tr>
</thead>
<tbody>
<tr>
<td>Vehicles or combinations of vehicles having brakes on all wheels</td>
<td>30</td>
</tr>
<tr>
<td>Vehicles or combinations of vehicles not having brakes on all wheels</td>
<td>40</td>
</tr>
</tbody>
</table>
(c) Maintenance of brakes. All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the wheels on opposite sides of the vehicle. [Laws 1950 (1st S. S.), ch. 3, § 144.]

DECISIONS UNDER PRIOR LAWS

Jury. Violation as Negligence.

In action for death of child struck by a truck, the question of whether the truck could have stopped in time to save the life of the child had the truck have been equipped with adequate brakes was for the jury to determine. Womack v. Preach, 63 Ariz. 390, 163 Pac. (2d) 280.

A violation of former § 66-135 is negligence in itself and where defective brakes were the proximate cause of the death of a child the owner of the vehicle was liable. Womack v. Preach, 63 Ariz. 390, 163 Pac. (2d) 280.

66-175a. Brakes on motor-driven cycles.—(a) The commission is authorized to require an inspection of the brake on any motor-driven cycle and to disapprove any such brake which they find will not comply with the performance ability standard set forth in section 144 [§ 66-174], or which in their opinion is not so designed or constructed as to insure reasonable and reliable performance in actual use.

(b) The commission may refuse to register or may suspend or revoke the registration of any vehicle referred to in this section when they determine that the brake thereon does not comply with the provisions of this section.

(c) No person shall operate on any highway any vehicle referred to in this section in the event the commission has disapproved the brake equipment upon such vehicle or type of vehicle. [Laws 1950 (1st S. S.), ch. 3, § 144.5.]

66-176. Horns and warning devices.—(a) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet, but no horn or other warning device shall emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall when reasonably necessary to insure safe operation give audible warning with his horn but shall not otherwise use such horn when upon a highway.

(b) No vehicle shall be equipped with nor shall any person use upon a vehicle any siren, whistle, or bell, except as otherwise permitted in this section.

(c) It is permissible but not required that any vehicle be equipped with a theft alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning signal.

(d) Any authorized emergency vehicle may be equipped with a siren, whistle, or bell, capable of emitting sound audible under normal conditions from a distance of not less than 500 feet and of a type approved by the department, but such siren shall not be used except when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which said latter events the driver of such vehicle shall sound said siren when reasonably necessary to warn pedestrians and other drivers of the approach thereof. [Laws 1950 (1st S. S.), ch. 3, § 145.]
66-177. Mufflers, prevention of noise.—(a) Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke, and no person shall use a muffler cut-out, bypass, or similar device upon a motor vehicle on a highway.

(b) The engine and power mechanism of every motor vehicle shall be so equipped and adjusted as to prevent the escape of excessive fumes or smoke. [Laws 1950 (1st S. S.), ch. 3, § 146.]

66-178. Mirrors.—Every motor vehicle which is so constructed or loaded as to obstruct the driver's view to the rear thereof from the driver's position shall be equipped with a mirror so located as to reflect to the driver a view of the highway for a distance of at least 200 feet to the rear of such vehicle. [Laws 1950 (1st S. S.), ch. 3, § 147.]

66-179. Windshields must be unobstructed and equipped with wipers. —(a) No person shall drive any motor vehicle with any sign, poster, or other nontransparent material upon the front windshield, side wings, or side or rear windows of such vehicle which obstruct the driver's clear view of the highway or any intersecting highway.

(b) The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow, or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of the vehicle.

(c) Every windshield wiper upon a motor vehicle shall be maintained in good working order. [Laws 1950 (1st S. S.), ch. 3, § 148.]

66-180. Restrictions as to tire equipment.—(a) Every solid rubber tire on a vehicle shall have rubber on its entire traction surface at least 1 inch thick above the edge of the flange of the entire periphery.

(b) No tire on a vehicle moved on a highway shall have on its periphery any block, stud, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it shall be permissible to use farm machinery with tires having protuberances which will not injure the highway, and except also that it shall be permissible to use tire chains of reasonable proportions upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid.

(c) The commission and local authorities in their respective jurisdictions may in their discretion issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of such movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this act [§§ 66-151—66-189]. [Laws 1950 (1st S. S.), ch. 3, § 149.]

66-181. Safety glass in motor vehicles.—(a) On and after January 1, 1951, no person shall sell any new motor vehicle as specified herein, nor shall any new motor vehicle as specified herein be registered thereafter unless such vehicle is equipped with safety glass of a type approved by the commission wherever glass is used in doors, windows,
and windshields. The foregoing provisions shall apply to all passenger-type motor vehicles, including passenger busses and school busses, but in respect to trucks, including truck tractors, the requirements as to safety glass shall apply to all glass used in doors, windows, and windshields in the drivers’ compartments of such vehicles.

(b) The term “safety glass” shall mean any product composed of glass, so manufactured, fabricated, or treated as substantially to prevent shattering and flying of the glass when struck or broken, or such other or similar product as may be approved by the commission.

(c) The commission shall compile and publish a list of types of glass by name approved by them as meeting the requirements of this section and the commission shall not register after January 1, 1951, any new motor vehicle unless it is equipped with an approved type of safety glass, and they shall thereafter suspend the registration of any motor vehicle so subject to this section which they find is not so equipped until it is made to conform to the requirements of this section.

(d) It shall be a misdemeanor for any person to replace any glass or glazing materials used in partitions, doors, windows, windshields or wind deflectors in any motor vehicle with any material other than safety glass of a type approved by the commission. [Laws 1950 (1st S. S.), ch. 3, § 150.]

66-182. Certain vehicles to carry flares or other warning devices.—
(a) No person shall operate any motor truck, passenger bus, or truck tractor upon any highway outside the corporate limits of municipalities at any time from a half hour after sunset to a half hour before sunrise unless there shall be carried in such vehicle the following equipment except as provided in paragraph (b):

1. At least three [3] flares or three [3] red electric lanterns each of which shall be capable of being seen and distinguished at a distance of 500 feet under normal atmospheric conditions at nighttime.

Each flare (liquid-burning pot torch) shall be capable of burning for not less than 12 hours in 5 miles per hour wind velocity and capable of burning in any air velocity from zero to 40 miles per hour. Every such flare shall be substantially constructed so as to withstand reasonable shocks without leaking. Every such flare shall be carried in the vehicle in a metal rack or box. Every such red electric lantern shall be capable of operating continuously for not less than 12 hours and shall be substantially constructed so as to withstand reasonable shock without breakage.

2. At least three [3] red-burning fusees unless red electric lanterns are carried.

Every fusee shall be made in accordance with specifications of the Bureau of Explosives, 30 Vesey St., New York City, and so marked and shall be capable of burning at least 15 minutes.

3. At least two [2] red cloth flags, not less than 12 inches square, with standards to support same.

(b) No person shall operate at the time and under the conditions stated in paragraph (a) any motor vehicle used in the transportation of flammable liquids in bulk, or transporting compressed flammable gases, unless there shall be carried in such vehicle three [3] red electric
lanterns meeting the requirements above stated, and there shall not be carried in any said vehicle any flares, fusees, or signal produced by a flame.

(c) As an alternative it shall be deemed a compliance with this section in the event a person operating any motor vehicle described in this section shall carry in such vehicle three \([3]\) portable reflector units on standards of a type approved by the department. No portable reflector unit shall be approved unless it is so designed and constructed as to include two \([2]\) reflectors, one above the other, each of which shall be capable of reflecting red light clearly visible from all distances within 500 feet to 50 feet under normal atmospheric conditions at nighttime when directly in front of lawful upper beams of head lamps. [Laws 1950 (1st S. S.), ch. 3, § 151.]

66-182a. Display of warning devices when vehicle disabled.—(a) Whenever any motor truck, passenger bus, truck tractor, trailer, semi-trailer, or pole trailer is disabled upon the traveled portion of any highway or the shoulder thereof outside of any municipality at any time when lighted lamps are required on vehicles the driver of such vehicle shall display the following warning devices upon the highway during the time the vehicle is so disabled on the highway except as provided in paragraph (b):

1. A lighted fusee shall be immediately placed on the roadway at the traffic side of the motor vehicle unless electric lanterns are displayed.

2. Within the burning period of the fusee and as promptly as possible three \([3]\) lighted flares (pot torches) or three \([3]\) electric lanterns shall be placed on the roadway as follows:

   One \([1]\) at a distance of approximately 100 feet in advance of the vehicle, one \([1]\) at a distance of approximately 100 feet to the rear of the vehicle, each in the center of the lane of traffic occupied by the disabled vehicle, and one \([1]\) at the traffic side of the vehicle approximately 10 feet rearward or forward thereof.

(b) Whenever any vehicle used in the transportation of flammable liquids in bulk, or transporting compressed flammable gases is disabled upon a highway at any time or place mentioned in paragraph (a) of this section, the driver of such vehicle shall display upon the roadway the following lighted warning devices: One \([1]\) red electric lantern shall be immediately placed on the roadway at the traffic side of the vehicle and two \([2]\) other red electric lanterns shall be placed to the front and rear of the vehicle in the same manner prescribed in paragraph (a) above for flares.

   When a vehicle of a type specified in paragraph (b) is disabled the use of flares, fusees, or any signal produced by flame as warning signals is prohibited.

(c) Whenever any vehicle of a type referred to in this section is disabled upon the traveled portion of a highway or the shoulder thereof outside of any municipality at any time when the display of fusees, flares, or electric lanterns is not required, the driver of such vehicle shall display two \([2]\) red flags upon the roadway in the lane of traffic.
occupied by the disabled vehicle, one at a distance of approximately 100 feet in advance of the vehicle, and one at a distance of approximately 100 feet to the rear of the vehicle.

(d) In the alternative it shall be deemed a compliance with this section in the event three portable reflector units on standards of a type approved by the department are displayed at the times and under the conditions specified in this section either during the daytime or at nighttime and such portable reflector units shall be placed on the roadway in the locations as described with reference to the placing of electric lanterns and lighted flares.

(e) The flares, fusees, lanterns, and flags to be displayed as required in this section shall conform with the requirements of section 151 [§ 66-181] applicable thereto. [Laws 1950 (1st S. S.), ch. 3, § 152.]

66-182b. Vehicles transporting explosives.—Any person operating any vehicle transporting any explosive as a cargo or part of a cargo upon a highway shall at all times comply with the provisions of this section.

(a) Said vehicle shall be marked or placarded on each side and the rear with the word "explosives" in letters not less than 8 inches high, or there shall be displayed on the rear of such vehicle a red flag not less than 24 inches square marked with the word "danger" in white letters 6 inches high.

(b) Every said vehicle shall be equipped with not less than two fire extinguishers, filled and ready for immediate use, and placed at a convenient point on the vehicle so used.

(c) The commission is hereby authorized and directed to promulgate such additional regulations governing the transportation of explosives and other dangerous articles by vehicles upon the highways as they shall deem advisable for the protection of the public. [Laws 1950 (1st S. S.), ch. 3, § 153.]

66-182c. Television installations.—No person shall drive any motor vehicle equipped with any television viewer, screen or other means of visually receiving a television broadcast which is located in the motor vehicle at any point forward of back of the driver's seat, or which is visible, directly or indirectly, to the driver while operating the motor vehicle. [Laws 1950 (1st S. S.), ch. 3, § 153.1.]

66-183. Vehicles without required equipment or in unsafe condition. —No person shall drive or move on any highway any motor vehicle, trailer, semi-trailer, or pole trailer, or any combination thereof unless the equipment upon any and every said vehicle is in good working order and adjustment as required in this act and said vehicle is in such safe mechanical condition as not to endanger the driver or other occupant or any person upon the highway. [Laws 1950 (1st S. S.), ch. 3, § 154.]

66-184. Inspections by officers of the department.—(a) The superintendent of the state highway patrol, members of the state highway patrol, and such other officers and employees of the department as the patrol superintendent may designate, may at any time upon reasonable cause to believe that a vehicle is unsafe or not equipped as required by
law, or that its equipment is not in proper adjustment or repair, require
the driver of such vehicle to stop and submit such vehicle to an inspec-
tion and such test with reference thereto as may be appropriate.

(b) In the event such vehicle and its equipment are found to be in
safe condition and in full compliance with the law, the officer making
such inspection shall issue to the driver an official certificate of inspec-
tion and approval of such vehicle specifying those parts or equipment
so inspected and approved.

(c) In the event such vehicle is found to be in unsafe condition or
any required part or equipment is not present or is not in proper repair
and adjustment the officer shall give a written notice to the driver and
shall send a copy to the department. Said notice shall require that such
vehicle be placed in safe condition and its equipment in proper repair
and adjustment specifying the particulars with reference thereto and
that a certificate of inspection and approval be obtained within 5 days.
[Laws 1950 (1st S. S.), ch. 3, § 155.]

66-184a. Owners and drivers to comply with inspection laws.—(a)
No person driving a vehicle shall refuse to submit such vehicle to an
inspection and test when required to do so by the patrol superintendent
or an authorized officer or employee of the department.

(b) Every owner or driver, upon receiving a notice as provided in
section 155 [§ 66-184], shall comply therewith and shall within 5 days
secure an official certificate of inspection and approval which shall be
issued in duplicate, one [1] copy to be retained by the owner or driver
and the other copy to be forwarded to the department. In lieu of com-
pliance with this paragraph the vehicle shall not be operated, except
as provided in the next succeeding paragraph.

(c) No person shall operate any vehicle after receiving a notice
with reference thereto as above provided, except as may be necessary
to return such vehicle to the residence or place of business of the owner
or driver, if within a distance of 20 miles, or to a garage, until said
vehicle and its equipment has been placed in proper repair and adjust-
ment and otherwise made to conform to the requirements of this act
and a certificate of inspection and approval shall be obtained as promptly
as possible thereafter.

(d) In the event repair or adjustment of any vehicle or its equip-
ment is found necessary upon inspection, the owner of said vehicle may
obtain such repair or adjustment at any place he may choose, but in
every event an official certificate of inspection and approval must be
obtained, otherwise such vehicle shall not be operated upon the high-
ways of this state. [Laws 1950 (1st S. S.), ch. 3, § 156.]

66-185. Scope and effect of sections 157 to 168 [§§ 66-185—66-185i]
inclusive.—(a) It is a misdemeanor for any person to drive or move
or for the owner to cause or knowingly permit to be driven or moved
on any highway any vehicle or vehicles of a size or weight exceeding the
limitations stated in sections 157 to 168 [§§ 66-185—66-185i], inclusive,
or otherwise in violation of sections 157 to 168 [§§ 66-185—66-185i], in-
clusive, and the maximum size and weight of vehicles herein specified
shall be lawful throughout the state, and local authorities shall have
no power or authority to alter said limitations except as express author-
ity may be granted in sections 157 to 168 [§§ 66-185—66-185f], inclusive.

(b) The provisions of sections 157 to 168 [§§ 66-185—66-185f], in-
cclusive, governing size shall not apply to fire apparatus, road machinery,
or to implements of husbandry, including farm tractors, temporarily
moved upon a highway, or to a vehicle operated under the terms of a
special permit issued as herein provided. [Laws 1950 (1st S. S.), ch.
3, § 157; 1951, ch. 72, § 2.]

Amendment.
The 1951 amendment deleted the words "temporarily moved" in sub-
section (b).

66-185a. Width of vehicles.—(a) The total outside width of any
vehicle or the load thereon shall not exceed 8 feet, except as otherwise
provided in this section.

(b) Whenever pneumatic tires, in substitution for the same type
or other type of tires, have been heretofore or are hereafter placed upon
a vehicle in operation upon the effective date of this act, the maximum
width from the outside of one wheel and tire to the outside of the
opposite wheel and tire shall not exceed 8 feet 6 inches, but in such
event the outside width of the body of such vehicle or the load thereon
shall not exceed 8 feet. [Laws 1950 (1st S. S.), ch. 3, § 158.]

66-185b. Projecting loads on passenger vehicles.—No passen-
type vehicle shall be operated on any highway with any load carried
thereon extending beyond the line of the fenders on the left side of
such vehicle nor extending more than 6 inches beyond the line of the
fenders on the right side thereof. [Laws 1950 (1st S. S.), ch. 3, § 159.]

66-185c. Height and length of vehicles and loads.—(a) No vehicle
including any load thereon shall exceed a height of 13 feet 6 inches.

(b) No vehicle including any load thereon shall exceed a length of
40 feet extreme over-all dimension, inclusive of front and rear bumpers.

(c) No combination of vehicles coupled together shall consist of
more than two units except that a truck tractor and semi-trailer
will be permitted to haul one full trailer and no such combination of
vehicles shall exceed a total length of 65 feet. [Laws 1950 (1st S. S.),
ch. 3, § 160.]

66-185d. Special load limits.—(a) Subject to the foregoing provisions
of sections 157 to 160 [§§ 66-185—66-185c] inclusive, limiting the length
of vehicles and loads, the load upon any vehicle operated alone or the
load upon the front vehicle of a combination of vehicles shall not extend
more than 3 feet beyond the foremost part of the vehicle, and the load
upon any vehicle operated alone or the load upon the rear vehicle of a
combination of vehicles shall not extend more than 6 feet beyond the
rear of the bed or body of such vehicle.

(b) The limitations as to length of vehicles and loads heretofore
stated in section 160 [§ 66-185c] and section 160.5 (a) [§ 66-185d] shall
not apply to any load upon a pole trailer as defined in section 5 (c)
USE OF HIGHWAYS BY VEHICLES

66-155e. Loads on vehicles.—(a) No vehicle shall be driven or moved on any highway unless such vehicle is so constructed or loaded as to prevent any of its load from dropping, sifting, leaking, or otherwise escaping therefrom, except that sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled on a roadway in cleaning or maintaining such roadway.

(b) No person shall operate on any highway any vehicle with any load unless said load and any covering thereon is securely fastened so as to prevent said covering or load from becoming loose, detached, or in any manner a hazard to other users of the highway. [Laws 1950 (1st S. S.), ch. 3, § 161.]

66-155f. Trailers and towed vehicles.—(a) When one vehicle is towing another the drawbar or other connection shall be of sufficient strength to pull all weight towed thereby and said drawbar or other connection shall not exceed 15 feet from one vehicle to the other except the connection between any two [2] vehicles transporting poles, pipe, machinery, or other objects of structural nature which cannot readily be dismembered.

(b) When one vehicle is towing another and the connection consists of a chain, rope, or cable, there shall be displayed upon such connection a white flag or cloth not less than 12 inches square. [Laws 1950 (1st S. S.), ch. 3, § 162.]

66-155g. Single-axle load limit.—(a) The gross weight imposed on the highway by the wheels of any one axle of a vehicle shall not exceed 18,000 pounds.

(b) For the purposes of this act an axle load shall be defined as the total load transmitted to the road by all wheels whose centers are included between two [2] parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle. [Laws 1950 (1st S. S.), ch. 3, § 163.]

DECISIONS UNDER PRIOR LAW

In General.
The statutory limit applies to each vehicle and its load and not to the combined weight of two or more vehicles and their loads. Anderson v. Alabam Freight Lines, 64 Ariz. 313, 169 Pac. (2d) 865.

Where a load weight of 20,712 pounds was to be evenly distributed between a truck and trailer making a load of 10,356 on each vehicle so that the weight of the truck and the load thus distributed was 31,306 pounds and the weight of the trailer and load was 19,306 pounds, § 66-129 was not violated. Anderson v. Alabam Freight Lines, 64 Ariz. 313, 169 Pac. (2d) 865.

66-185h. Gross weight of vehicles and loads.—(a) Subject to the limit upon the weight imposed upon the highway through any one [1] axle as set forth in section 163 [§ 66-155g], the total gross weight with load imposed upon the highway by any one [1] group of two [2] or more consecutive axles of a vehicle or combination of vehicles shall not
exceed the gross weight given for the respective distance between the first and last axle of the group of axles measured longitudinally to the nearest foot as set forth in the following table:

66-185i. Officers may weigh vehicles and require removal of excess loads.—(a) Any police or peace officer employed by the state having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same by means of either portable or stationary scales and may require that such vehicle be driven to the nearest public scales in the event such scales are within 2 miles.

(b) Whenever an officer upon weighing a vehicle and load, as above provided, determines that the weight is unlawful, such officer may require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under this act. All material so unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

(c) Any driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section, shall be guilty of a misdemeanor. [Laws 1950 (1st S. S.), ch. 3, § 165.]

Permits for excess size and weight.—(a) The commission with respect to highways under its jurisdiction and local authorities with respect to highways under their jurisdiction may in their discretion upon application in writing and good cause being shown therefor, issue a special permit in writing authorizing the applicant to operate or move a vehicle or combination of vehicles of a size or weight of vehicle or load exceeding the maximum specified in this act or otherwise not in conformity with the provisions of this act upon any highway
under the jurisdiction of the party granting such permit and for the
maintenance of which said party is responsible.

(b) The application for any such permit shall specifically describe
the vehicle or vehicles and load to be operated or moved and the parti-
cular highways for which permit to operate is requested, and whether
such permit is requested for a single trip or for continuous operation.

(c) The commission or local authority is authorized to issue or
withhold such permit at its discretion; or, if such permit is issued,
to limit the number of trips, or to establish seasonal or other time
limitations within which the vehicles described may be operated on the
highways indicated, or otherwise to limit or prescribe conditions of
operation of such vehicle or vehicles, when necessary to assure against

highways.

(d) The commission shall likewise have authority as hereinabove
granted to local authorities to determine by resolution and to impose
restrictions as to the weight of vehicles operated upon any highway
under the jurisdiction of said commission and such restrictions shall be
effective when signs giving notice thereof are erected upon the high-

The application shall be accompanied by an amount equal to one-tenth [1/10] of the full annual registration
vehicle for the current calendar year, by the state or country of which the owner is a resident, nor unless the permit prescribed by this subsection is displayed on the windshield of the vehicle in the manner prescribed by the division. 66-235. Official vehicles exempt from fees—Must be registered. Cited: Brush v. State ex rel. Conway, 59 Ariz. 525, 130 Pac. (2d) 506. Application of Statute. While unladen weight fees and registration fees are imposed by same section of the statute, yet, they are to be considered separately, and while a municipality is exempt from the former, the latter is imposed on vehicles owned by a municipality and used in transporting persons for hire. Phoenix v. Bowles, 65 Ariz. 316, 180 Pac. (2d) 222.

66-236. Operation without payment of registration fee.—(a) Whenever any vehicle shall be operated upon any highway without payment of the registration or transfer fee, such fee shall be deemed delinquent, and if not paid within thirty [30] days after delinquency, a penalty equal to such fee shall be added thereto and collected; except that, during the year 1941, the penalty shall not be collected if the fee is paid on or before February 15, 1941. The fact of registration of a vehicle in the name of the applicant for the year immediately preceding the year for which application for registration is made shall be prima facie evidence that such vehicle has been operated on the highways during the year for which application for registration is made.

(b) The full annual registration and unladen weight fee, and any other required fee, together with the penalty prescribed in subsection (a), shall accompany any application for the registration of a vehicle, which is filed more than thirty [30] days subsequent to the date on which registration of such vehicle for the next preceding year expired; except, that if it shall be determined, upon hearing and proof satisfactory to the superintendent, that the vehicle was not operated on the highways of this state prior to the filing of said application and
and unladen weight fees applicable to the vehicle as prescribed by section 66-256, for each month or fraction thereof that the vehicle is to be so operated in this state. The minimum fee for such licensing and registration shall be three dollars fifty cents [$3.50]. The vehicle division, if satisfied as to the facts stated in the application, shall register and license the vehicle for the period named and assign an appropriate certificate or license, which shall at all times be displayed upon the vehicle in the manner prescribed by the division, while the same is being operated or driven upon any highway of the state. If any such vehicle is operated in the state beyond the period for which such certificate or license is issued, the owner shall apply for and obtain the registration of the vehicle, and pay the fees for the remaining portion of the registration year.

(c) A nonresident owner of a foreign vehicle registered and licensed in a state adjoining Arizona, being used in this state for other than the transportation of passengers or property for compensation or in the business of a nonresident carried on in this state, shall not be required to pay the registration and unladen weight fees prescribed in section 66-256, provided the nonresident owner and vehicle are domiciled within twenty-five [25] miles of the Arizona border, and that the state in which the owner has his residence and in which such vehicle is registered exempts from the payment of registration and unladen fees like vehicles from this state.

(d) An owner seeking exemption as provided in subsection (c) shall apply to the motor vehicle division for a special registration permit, setting forth that the vehicle is to be used within this state for other than the transportation of passengers or property for compensation or in the business of a nonresident carried on in this state, and supplying such other information as the division may require, and shall make affidavit thereto. If satisfied that the applicant is entitled to exemption, the motor vehicle division shall issue a special permit to operate, which shall be distinctive in form, show the date issued, a brief description of the vehicle, and a statement that the owner has procured registration of such vehicle as a nonresident. Said permit shall be valid for the period for which the registration plate was issued by the state of which the owner is a resident.

(e) Every foreign vehicle owned by a nonresident and operated in this state other than for the transportation of passengers or property for compensation, or for the transportation of property, or in the business of a nonresident carried on in this state, shall be registered within ten [10] days after the beginning of operation in the state in like manner as vehicles owned by residents, and no fee shall be charged for such registration, nor shall any number plates be assigned to such vehicle, but the vehicle division shall issue to such nonresident owner a permit distinctive in form, containing the date issued, a brief description of the vehicle, and a statement that the owner has procured registration of the vehicle as a nonresident. No such nonresident owner shall operate any such vehicle upon the highways of this state, either before or while it is registered as provided in this section, unless there be displayed thereon the registration number plates assigned to the
the registration of said vehicle, such penalty over and above the regular fee or fees shall be refunded.

(c) Every registration or transfer fee and penalty added thereto shall constitute a lien upon the vehicle upon which the same are due, as and from the due date. The division shall collect such fee and penalty by seizure of such vehicle from the person in possession thereof, if any, and by sale as provided by law. [Laws 1927 (4th S. S.), ch. 2, subch. 3, § 32, p. 33; R. C. 1928, § 1653; Laws 1933, ch. 4, § 1, p. 5; 1933, ch. 26, § 1, p. 52; 1937, ch. 67, § 24, p. 234; 1941, ch. 3, § 1, p. 41.]

5. Any nonresident who is at least eighteen [18] years of age, whose home, state or country does not require the licensing of operators, may operate a motor vehicle as an operator only, for a period of not more than ninety [90] days in any calendar year, if the motor vehicle so operated is duly registered in the home state or country of such nonresident. (c) The department may in its discretion issue a temporary driver's permit to an applicant for an operator's license permitting him to operate a motor vehicle while the department is completing its investigation and determination of all facts relative to such applicant's right to receive an operator's license. Such permit must be in his immediate possession while operating a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused. (b) Any negligence or willful misconduct of a minor under the age of eighteen [18] years when driving a motor vehicle upon a highway shall be imputed to the person who has signed the application of such minor for a permit or license, which person shall be jointly and severally liable with such minor for any damage caused by such negligence or willful misconduct, except as otherwise provided in the next succeeding paragraph.

(c) In the event a minor deposits or there is deposited upon his behalf proof of financial responsibility in respect to the operation of a motor vehicle owned by him, or if not the owner of a motor vehicle, then with respect to the operation of any motor vehicle, in form and in amounts as required under the motor vehicle financial responsibility laws of this state, then the department may accept the application of such minor when signed by one [1] parent or guardian of such minor, and while such proof is maintained such parents or guardian shall not
be subject to the liability imposed under the preceding paragraph of this section. [Laws 1951, ch. 115, § 8.]

66-269b. Release from liability.—Any person who has signed the application of a minor for a license may thereafter file with the department a verified written request that the license of said minor so granted be cancelled. Thereupon the department shall cancel the license of said minor and the person who signed the application of such minor shall be relieved from the liability imposed under this act by reason of having signed such application on account of any subsequent negligence or willful misconduct of such minor in operating a motor vehicle. [Laws 1951, ch. 115, § 9.]

66-269c. Cancellation of license upon death of person signing minor's application.—The department upon receipt of satisfactory evidence of the death of the persons who signed the application of a minor for a license shall cancel such license and shall not issue a new license until such time as a new application, duly signed and verified, is made as required by this act. This provision shall not apply in the event the minor has attained the age of eighteen [18] years. [Laws 1951, ch. 115, § 10.]

66-270. Examination of applicants.—The department shall examine every applicant for an operator's or chauffeur's license, except as otherwise provided in this section. Such examination shall include a test of the applicant's eyesight, his ability to read and understand highway signs regulating, warning, and directing traffic, his knowledge of the traffic laws of this state, and shall include an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle and such further physical and mental examination as the department finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways. The department shall make provision for giving an examination either in the county where the applicant resides or at a place adjacent thereto reasonably convenient to the applicant within not more than thirty [30] days from the date the application is received.

(b) Every chauffeur's license shall bear thereon a photograph of the licensee, which shall be furnished by him. [Laws 1951, ch. 115, § 11.]

66-271. Licenses issued to operators and chauffeurs.—(a) The department shall, upon payment of $2.00 issue to every applicant qualifying therefor an operator's or chauffeur's license as applied for, which license shall bear thereon a distinguishing number assigned to the licensee, the full name, date of birth, residence address, and a brief description of the licensee, and either a facsimile of the signature of the licensee or a space upon which the licensee shall write his usual signature with pen and ink immediately upon receipt of the license. No license shall be valid until it has been so signed by the licensee. [Laws 1951, ch. 115, § 12.]

66-272. License to be carried and exhibited on demand.—Every licensee shall have his operator's or chauffeur's license in his immediate
possession at all times when operating a motor vehicle and shall display the same, upon demand of a justice of the peace, a police officer, or a field deputy or inspector of the department. However, no person charged with violating this section shall be convicted if he produces in court or the office of the arresting officer an operator's or chauffeur's license theretofore issued to him and valid at the time of his arrest. [Laws 1951, ch. 115, § 13.]

66-273. Restricted licenses.—(a) The department upon issuing an operator's or chauffeur's license shall have authority whenever good cause appears to impose restrictions suitable to the licensee's driving ability with respect to the type of or special mechanical control devices required on a motor vehicle which the licensee may operate or such other restrictions applicable to the licensee as the department may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee. The department furthermore shall have the authority to impose restrictions suitable to the licensee's driving ability with respect to areas, locations, highways within this state, or with respect to the time of day or night that the licensee shall be permitted to drive a motor vehicle or such other restrictions applicable to the licensee as the department may determine to be appropriate to assure the safe operation of a motor vehicle by the licensee.

(b) The department may either issue a special restricted license or may set forth such restrictions upon the usual license form.

(c) The department may upon receiving satisfactory evidence of any violation of the restrictions of such license suspend or revoke the same but the licensee shall be entitled to a hearing as upon a suspension or revocation under this act.

(d) It is a misdemeanor for any person to operate a motor vehicle in any manner in violation of the restrictions imposed in a restricted license issued to him. [Laws 1951, ch. 115, § 14.]

66-274. Duplicate certificates.—In the event that an instruction permit or operator's or chauffeur's license issued under the provisions of this act is lost or destroyed, the person to whom the same was issued may upon payment of fifty cents [50c] fee obtain a duplicate, or substitute thereof, upon furnishing proof satisfactory to the department that such permit or license has been lost or destroyed. [Laws 1951, ch. 115, § 15.]

66-275. Expiration of license.—(a) Every operator's license issued prior to July 1, 1951 shall expire on the birthday of the licensee in the year indicated in the following schedule:

1. Licenses issued prior to January 1, 1941 shall expire on the birthday of the licensee in the year 1952.

(d) Thereafter, all operators' licenses shall be renewed for a period of three [3] years from the expiration dates as hereinbefore established. Every license shall be renewable on or before its expiration, upon application and payment of the required fee. The department may require an examination of the applicant as upon original application.

(e) Every chauffeur's license issued prior to July 1, 1951 with an expiration date of December 31, 1951 is hereby extended to expire on the birthday of the licensee in 1952, provided the licensee's birthday is prior to July 1, 1952; also provided that if the birthday falls on a date between June 30, 1951 and January 1, 1952 the license shall expire on June 30, 1952. In no event shall any chauffeur's original or renewal license be issued for a period longer than two [2] years. Chauffeurs' licenses may be renewed within thirty [30] days prior to their expiration, upon payment of the fees as required by law. The department may require an examination of the applicant as upon an original application. [Laws 1951, ch. 115, § 16.]

66-276. Notice of change of address or name.—Whenever any person after applying for or receiving an operator's or chauffeur's license shall move from the address named in such application or in the license issued to him or when the name of a licensee is changed by marriage or otherwise such person shall within ten [10] days thereafter notify the department in writing of his old and new addresses or of such former and new names and of the number of any license then held by him. [Laws 1951, ch. 115, § 17.]

66-277. Records to be kept by the department.—(a) The department shall file every application for a license received by it and shall maintain suitable indexes containing, in alphabetical order:
1. All applications denied and on each thereof note the reasons for such denial;
2. All applications granted; and
3. The name of every licensee whose license has been suspended or revoked by the department and after each such name note the reasons for such action.

(b) The department shall also file all abstracts of court records of convictions received by it under the laws of this state and in connection therewith maintain convenient records or make suitable notations in order that an individual record of each licensee showing the convictions of such licensee and the traffic accidents, in which he has been involved, shall be readily ascertainable and available for the consideration of the department upon any application for renewal of license and at other suitable times. [Laws 1951, ch. 115, § 18.]
66-278. Authority of department to cancel license.—(a) The department is hereby authorized to cancel any operator's or chauffeur's license upon determining that the licensee was not entitled to the issuance thereof hereunder or that said licensee failed to give the required or correct information in his application or committed any fraud in making such application.

(b) Upon such cancellation, the licensee must surrender the license so cancelled to the department. [Laws 1951, ch. 115, § 19.]

66-278a. Suspending privileges of nonresidents and reporting convictions.—(a) The privilege of driving a motor vehicle on the highways of this state given to a nonresident hereunder shall be subject to suspension or revocation by the department in like manner and for like cause as an operator's or chauffeur's license issued hereunder may be suspended or revoked.

(b) The department is further authorized, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, to forward a certified copy of such record to the motor vehicle administrator in the state wherein the person so convicted is a resident. [Laws 1951, ch. 115, § 20.]

66-278b. Suspending resident's license upon conviction in another state.—The department is authorized to suspend or revoke the license of any resident of this state or the privilege of a nonresident to drive a motor vehicle in this state upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this state, would be grounds for the suspension or revocation of the license of an operator or chauffeur. [Laws 1951, ch. 115, § 21.]

66-279. When court to forward license to department and report convictions.—(a) Whenever any person is convicted of any offense for which this act makes mandatory the revocation of the operator's or chauffeur's license of such person by the department the court in which such conviction is had shall require the surrender to it of all operator's and chauffeur's licenses then held by the person so convicted and the court shall thereupon forward the same together with a record of such conviction to the department.

(b) Every court having jurisdiction over offenses committed under this act, or any other act of this state or municipal ordinance regulating the operation of motor vehicles on highways shall forward to the department a record of the conviction of any person in said court for a violation of any said laws other than regulations governing standing or parking, and may recommend the suspension of the operator's or chauffeur's license of the person so convicted.

(c) For the purposes of this act the term "conviction" shall mean a final conviction. Also, for the purposes of this act a forfeiture of bail or collateral deposited to secure a defendant's appearance in court, which forfeiture has not been vacated, shall be equivalent to a conviction. [Laws 1951, ch. 115, § 22.]

66-280. Mandatory revocation of license by department.—The department shall, in addition to the grounds for mandatory revocation pro-
vided for in the uniform act regulating traffic on highways [§§ 66-151—
66-189], forthwith revoke the license of any operator or chauffeur
upon receiving a record of such operator's or chauffeur's conviction of
any of the following offenses, when such conviction has become final:
1. Manslaughter resulting from the operation of a motor vehicle;
2. Driving a motor vehicle while under the influence of a narcotic
drug;
3. Any felony in the commission of which a motor vehicle is used;
4. Failure to stop and render aid as required under the laws of
this state in the event of a motor vehicle accident resulting in the
death or personal injury of another;
5. Perjury or the making of a false affidavit or statement under
oath to the department under this act or under any other law relating
to the ownership or operation of motor vehicles;
6. Conviction, or forfeiture of bail not vacated, upon three [3]
charges of reckless driving committed within a period of twelve [12]
months. [Laws 1951, ch. 115, § 23.]

66-281. Authority of department to suspend or revoke license.—
(a) The department is hereby authorized to suspend the license of an
operator or chauffeur without preliminary hearing upon a showing by
its records or other sufficient evidence that the licensee:
1. Has committed an offense for which mandatory revocation of
license is required upon conviction;
2. Has been involved as a driver in any accident resulting in the
death or personal injury of another or serious property damage;
3. Has been convicted with such frequency of serious offenses
against traffic regulations governing the movement of vehicles as to
indicate a disrespect for traffic laws and a disregard for the safety
of other persons on the highways;
4. Is an habitually reckless or negligent driver of a motor vehicle;
5. Is incompetent to drive a motor vehicle;
6. Has permitted an unlawful or fraudulent use of such license;
7. Has committed an offense in another state which if committed
in this state would be grounds for suspension or revocation.
(b) Upon suspending the license of any person as hereinbefore in
this section authorized, the department shall immediately notify the
licensee in writing and upon his request shall afford him an opportunity
for a hearing as early as practical within not to exceed twenty [20]
days after receipt of such request in the county wherein the licensee
resides unless the department and the licensee agree that such hearing
may be held in some other county. Upon such hearing the commission
or their duly authorized agent may administer oaths and may issue
subpoenas for the attendance of witnesses and the production of relevant
books and papers and may require a reexamination of the licensee.
Upon such hearing the department shall either rescind its order of
suspension or, good cause appearing therefor, may extend the sus-
pension of such license or revoke such license. [Laws 1951, ch. 115, § 24.]

66-281a. Department may require reexamination.—The department
having good cause to believe that a licensed operator or chauffeur is
incompetent or otherwise not qualified to be licensed, may upon written notice of at least five [5] days to the licensee require him to submit to an examination. Upon the conclusion of such examination the department shall take action as may be appropriate and may suspend or revoke the license of such person or permit him to retain such license, or may issue a license subject to restrictions as permitted under section 14 [§ 66-273]. Refusal or neglect of the licensee to submit to such examination shall be ground for suspension or revocation of his license. [Laws 1951, ch. 115, § 25.]

66-281b. Period of suspension or revocation.—(a) The department shall not suspend a driver’s license or privilege to drive a motor vehicle on the public highways for a period of more than one [1] year, except as permitted under section 32 [§ 66-286].

(b) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked shall not be entitled to have such license or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of one [1] year from the date on which the revoked license was surrendered to and received by the department such person may make application for a new license as provided by law, but the department shall not then issue a new license unless and until it is satisfied after investigation of the character, habits, and driving ability of such person that it will be safe to grant the privilege of driving a motor vehicle on the public highways. [Laws 1951, ch. 115, § 26.]

66-281c. Surrender and return of license.—The department upon suspending or revoking a license shall require that such license shall be surrendered to and be retained by the department except that at the end of the period of suspension such license so surrendered shall be returned to the licensee. [Laws 1951, ch. 115, § 27.]

66-282. No operation under foreign license during suspension or revocation in this state.—Any resident or nonresident whose operator’s or chauffeur’s license or right or privilege to operate a motor vehicle in this state has been suspended or revoked as provided in this act shall not operate a motor vehicle in this state under a license, permit, or registration certificate issued by any other jurisdiction, or otherwise during such suspension or after such revocation until a new license is obtained when and as permitted under this act. [Laws 1951, ch. 115, § 28.]

66-283. Right of appeal to court.—Any person denied a license or whose license has been cancelled, suspended, or revoked by the department except where such cancellation or revocation is mandatory under the provisions of this act shall have the right to file a petition within thirty [30] days thereafter for a hearing in the matter in the superior court in the county wherein such person shall reside and such court is hereby vested with jurisdiction and it shall be its duty to set the matter for hearing upon thirty [30] days’ written notice to the commission, and thereupon to take testimony and examine into the facts of the case and to determine whether the petitioner is entitled to a
license or is subject to suspension, cancellation, or revocation of license under the provision of this act. [Laws 1951, ch. 115, § 29.]

66-284. Unlawful use of license.—It is a misdemeanor for any person:
1. To display or cause or permit to be displayed or have in his possession any cancelled, revoked, suspended, fictitious, or fraudulently altered operator's or chauffeur's license;
2. To lend his operator's or chauffeur's license to any other person or knowingly permit the use thereof by another;
3. To display or represent as one's own any operator's or chauffeur's license not issued to him;
4. To fail or refuse to surrender to the department upon its lawful demand any operator's or chauffeur's license which has been suspended, revoked, or cancelled;
5. To use a false or fictitious name in any application for an operator's or chauffeur's license or to knowingly make a false statement or to knowingly conceal a material fact or otherwise commit a fraud in any such application;
6. To permit any unlawful use of an operator's or chauffeur's license issued to him; or
7. To do any act forbidden or fail to perform any act required by this act. [Laws 1951, ch. 115, § 30.]

66-285. Making false affidavit perjury.—Any person who makes any false affidavit, or knowingly swears or affirms falsely to any matter or thing required by the terms of this act to be sworn to or affirmed, is guilty of perjury and upon conviction shall be punishable by fine or imprisonment as other persons committing perjury are punishable. [Laws 1951, ch. 151, § 31.]

66-286. Driving while license suspended or revoked.—(a) Any person who drives a motor vehicle on any public highway of this state at a time when his privilege so to do is suspended or revoked shall be guilty of a misdemeanor and upon conviction shall be punished by imprisonment for not less than two [2] days nor more than six [6] months and there may be imposed in addition thereto a fine of not more than $300.00.

(b) The department upon receiving a record of the conviction of any person under this section upon a charge of driving a vehicle while the license of such person was suspended shall extend the period of such suspension for an additional like period and if the conviction was upon a charge of driving while a license was revoked the department shall not issue a new license for an additional period of one [1] year from and after the date such person would otherwise have been entitled to apply for a new license. [Laws 1951, ch. 115, § 32.]

66-287. Permitting unauthorized minor to drive.—No person shall cause or knowingly permit his child or ward under the age of eighteen [18] years to drive a motor vehicle upon any highway when such minor is not authorized hereunder or in violation of any of the provisions of this act. [Laws 1951, ch. 115, § 33.]
66-288. Permitting unauthorized person to drive.—No person shall authorize or knowingly permit a motor vehicle owned by him or under his control to be driven upon any highway by any person who is not authorized hereunder or in violation of any of the provisions of this act. [Laws 1951, ch. 115, § 34.]

66-289. Employing unlicensed chauffeur.—No person shall employ as a chauffeur of a motor vehicle any person not then licensed as provided in this act. [Laws 1951, ch. 115, § 35.]

66-290. Renting motor vehicle to another.—(a) No person shall rent a motor vehicle to any other person unless the latter person is then duly licensed hereunder or, in the case of a nonresident, then duly licensed under the laws of the state or country of his residence except a nonresident whose home state or country does not require that an operator be licensed.
(b) No person shall rent a motor vehicle to another until he has inspected the operator's or chauffeur's license of the person to whom the vehicle is to be rented and compared and verified the signature thereon with the signature of such person written in his presence.
(c) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name and address of the person to whom the vehicle is rented, the number of the license of said latter person and the date and place when and where said license was issued. Such record shall be open to inspection by any police officer or officers or employee of the department. [Laws 1951, ch. 115, § 36.]

66-291. Penalty for misdemeanor.—(a) It is a misdemeanor for any person to violate any of the provisions of this act unless such violation is by this act or other law of this state declared to be a felony.
(b) Unless another penalty is in this act or by the laws of this state provided, every person convicted of a misdemeanor for the violation of any provisions of this act shall be punished by a fine of not more than $300.00 or by imprisonment for not more than six [6] months, or by both such fine and imprisonment. [Laws 1951, ch. 115, § 37.]

66-292. Uniformity of interpretation.—This act [§§ 66-265—66-293] shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it. [Laws 1951, ch. 115, § 38.]

66-293. Short title.—This act [§§ 66-265—66-293] may be cited as the uniform motor vehicle operator's and chauffeur's license act. [Laws 1951, ch. 115, § 39.]

66-301. **Amount of tax—When payable—Distribution.**—Every distributor shall pay to the state, in addition to all other taxes provided by law, a license tax of five cents [5c] for each gallon of motor vehicle fuel possessed, refined, manufactured, produced, blended or compounded in this state by such distributor, or imported by such distributor, whether in the original package or container in which it was imported, or otherwise. The payment of the tax herein imposed shall not be required on any motor vehicle fuel possessed at the time this law becomes effective, and upon which a tax has been paid to the state under the provisions of chapter 31, Revised Code of 1928, and amendments thereto. In the computation of such tax, one [1] per cent of the tax otherwise due shall be deducted before payment for shrinkage. Such license tax accrued in any calendar month shall be paid on or before the twenty-fifth day of the next succeeding calendar month to the vehicle superintendent, who shall promptly pay seventenths of all such money to the state treasurer, who shall deposit the same in the state highway fund. The remaining three-tenths thereof shall be paid by the vehicle superintendent to the several county treasurers of the state in the proportion that the sale of motor vehicle fuel in such county shall bear to the total sales of motor vehicle fuel throughout the state, two-thirds of which shall be retained by the counties for the purposes hereinafter set forth, and the balance forthwith paid by each of the county treasurers to the several incorporated cities and towns within the boundaries of such county in proportion to their population as shown by the most recent United States census. In the event there be no incorporated city or town in a county, the amount allocated thereto shall revert to such county for the purposes provided herein. Such tax accruing to the incorporated cities and towns shall be used by them as may be determined by the governing bodies thereof solely for the improvement, construction, reconstruction or maintenance of municipal streets and highways and administrative expenses in connection therewith, including the retirement of bonds issued after the effective date of this act for the payment of which such revenues have been pledged, and for no other purposes. Such tax so accruing to the incorporated cities and towns shall be kept in a separate fund and may be allowed to accumulate from year to year and shall not be subject to the provisions of article V of chapter 73, Arizona Code 1935, as amended. Such tax
accruing to the counties shall be used by the counties as may be determined by the boards of supervisors thereof, for the construction, improvement, or maintenance of county highways or bridges, or for the retirement of outstanding county highway bonds, or the payment of interest thereon. The vehicle superintendent shall deduct all exemptions and refunds from said tax before making the division between the state and counties. [Laws 1927 (4th S. Section to Section Reference.
Sections 66-301—66-325 are referred to in §§ 66-401, 66-1005, 66-1027.

Application of Statute.
Where distributor mailed check in the amount of tax due, and due to unforeseen events the remittance arrived at the office of the superintendent one day late and was accepted, the superintendent was not entitled to assess the statutory penalty for delayed payment. General Petroleum Corp. v. Smith, 62 Ariz. 239, 157 Pac. (2d) 356, 158 A. L. R. 364.

Construction.
The provisions of the Motor Vehicle Fuel Tax Act, like every other law of Arizona, must be considered and measured by the rule of statutory construction provided by the legislature in § 1-101 of the statutes. General Petroleum Corp. v. Smith, 62 Ariz. 239, 157 Pac. (2d) 356, 158 A. L. R. 364.

A distributor is, for practical purposes, an agent of the state for the purpose of collecting the fuel tax, and it was never intended by the legislature that he be penalized for delay in payment of the tax where the same is occasioned by conditions wholly beyond his control. General Petroleum Corp. v. Smith, 62 Ariz. 239, 157 Pac. (2d) 356, 158 A. L. R. 364.

66-304. Reports of distributors.—On or before the twenty-fifth day of each and every month, every distributor shall file with the vehicle superintendent, on forms prescribed and furnished by said superintendent, a true and verified statement showing the total number of gallons of motor vehicle fuel refined, manufactured, produced, blended, compounded, imported or acquired during the preceding calendar month, the number of gallons of motor vehicle fuel sold or otherwise disposed of by him for use in each of the several counties of this state, and such other and further data or information as said superintendent may require.
Every distributor shall, in addition to making the foregoing report, forthwith, upon receipt of any interstate shipment of motor vehicle fuel, report to the vehicle superintendent, on forms prescribed and furnished by him, the quantity and particular description of such fuel received, the name of the consignor, the date shipped, the date received, how shipped, and such other information in respect thereto as the vehicle superintendent may require. [R. C. 1928, §1673c as added by Laws 1931 (1st S. S.), ch. 16, §1, p. 50; 1935, ch. 70, §1, p. 289; 1943, ch. 43, §2, p. 90.]

Amendment.
The 1943 amendment substituted the words "twenty-fifth day" for the words "fifteenth day."

66-306. Penalty for failure to report or pay taxes promptly—Transmittal through United States mail—Effective date.—(a) When any distributor shall fail to submit his monthly report to the vehicle superintendent on or before the twenty-fifth of the month or when such distributor fails to submit the data or information required under the provisions of this article in such monthly report, or when such distributor shall fail to pay the amount of taxes due this state when the same shall be payable, a penalty of twenty-five per cent [25%] shall be added to the amount of the tax due and said penalty of 25% shall immediately accrue, and thereafter said tax and penalty shall bear interest at the rate of seven per cent [7%] per annum until the same is paid.

(b) If a report or remittance to cover a payment required by law to be filed with or made to the vehicle superintendent under this article 3 is transmitted through the United States mail and is not received by the vehicle superintendent until after the date upon which such report is required to be filed or such payment was required to be made, and if the envelope in which such report or remittance is enclosed bears a post office cancellation mark dated on or prior to the date upon which such report was required to be filed or such payment was required to be made, the vehicle superintendent, upon receipt thereof, shall treat the report or remittance as if it had been received on the date upon which such report was required to be filed or such payment was required to be made. [R. C. 1928, §1674a as added by Laws 1931 (1st S. S.), ch. 16, §1, p. 50; 1943, ch. 43, §3, p. 90.]

Amendment.
The 1943 amendment substituted the words "on or before the twenty-fifth" in the first sentence for the words "by the fifteenth"; and added subsection (b).

Construction.

It is apparent that this section, added to §66-306, was intended by the legislature to avoid any hardship or injustice in the application of the law, and since an ambiguity exists when both sections are considered, the court may look to the subsequent change by the legislature in support of its own view of the purpose. General Petroleum Corp. v. Smith, 62 Ariz. 239, 157 Pac. (2d) 356, 158 A. L. R. 364.

Purpose.
The penalty herein provided is not intended as a punishment or for the purposes of securing additional revenue but its purpose is to secure compliance. General Petroleum Corp. v. Smith, 62 Ariz. 239, 157 Pac. (2d) 356, 158 A. L. R. 364.

66-308. Report from persons not distributors—Contents—Penalty for failure to submit report.—Every person purchasing or otherwise acquiring or other...
acquiring motor vehicle fuel in tank car or cargo lots and selling, using or otherwise disposing of the same for delivery in this state not required by the provisions of this article to be licensed as a distributor in motor vehicle fuel, shall file a statement with the vehicle superintendent setting forth the name under which such person is transacting business within this state, the location with street number address of such person's principal office or place of business within this state, the name and address of the owner, or the names and addresses of the partners if such person is a partnership, or the names and addresses of the principal officers if such person is a corporation or association, and, on or before the twenty-fifth day of each calendar month, such person shall, on forms prescribed by the vehicle superintendent, report to said superintendent all purchases or other acquisition and sales or other disposition of motor vehicle fuel during the next preceding calendar month, giving a record of each tank car or cargo lot delivered to a point within this state. Such report shall set forth from whom each tank car or cargo lot was purchased or otherwise acquired, point of shipment, to whom sold or shipped, point of delivery, date of shipment, the name of the carrier, the initials and number of the car, and the number of gallons contained in such tank car, if shipped by rail, and if shipped by truck, the motor number, serial number and license number of said truck, together with the number of gallons, and shall contain any other additional information the superintendent may require relative to such motor vehicle fuel.

Every person hereinafter referred to shall, in addition to making the foregoing monthly report, forthwith, upon receipt of any interstate shipment of motor vehicle fuel, report such shipment to the vehicle superintendent upon forms prescribed and furnished by him showing the quantity and particular description of such fuel received, the name of the consignor, the name and address of the consignee, the number and description of each vehicle, and the names and addresses of the transpor ters and the name of the carrier, the destination of such shipment, the date received and such other information as the vehicle superintendent may require.

When any person, not required by the provisions of this article to register as a distributor of motor vehicle fuel, purchasing or otherwise acquiring motor vehicle fuel in tank car or cargo lots and selling or otherwise disposing of the same for delivery in this state, shall fail to submit his monthly report to the vehicle superintendent on or before the twenty-fifth of the month following the month for which the report is made, or when such person shall fail to submit in such monthly report the data required by this article, or forthwith report the receipt of each interstate shipment of motor vehicle fuel as required by this section, such person shall be guilty of a misdemeanor and shall be fined an amount not greater than one hundred dollars [$100] for the first offense nor more than one thousand dollars [$1,000] for each subsequent offense. [R. C. 1928, § 1674c as added by Laws 1931 (1st S. S.), ch. 16, § 1, p. 50; 1935, ch. 70, § 2, p. 229; 1943, ch. 43, § 4, p. 50.]

Amendment.
The 1943 amendment substituted the word "twenty-fifth" for the word "fifteenth" in the first and third paragraphs.
66-318. License tax exemptions.—Motor vehicle fuel in interstate or foreign commerce, not destined or diverted to a point within this state, or motor vehicle fuel sold to the United States armed forces for use in ships or aircraft, or for use outside this state shall not be subject to the payment of license taxes required in this article. [R. C. 1923, § 1677a as added by Laws 1981 (1st S. S.), ch. 16, § 1, p. 50; Laws 1952, ch. 51, § 1.]

66-320. Refund on fuel exported or not used in vehicle.—(a) When motor vehicle fuel is sold to a person who claims that he will be entitled to a refund of the tax hereunder, by reason of the fact that the motor vehicle fuel is not for use in a motor vehicle, the seller shall make out in triplicate, on a form prescribed by the superintendent, an invoice setting forth the name and address of the purchaser, the number of gallons of motor vehicle fuel so sold, and such other information as the superintendent shall require. When the claim that the tax is refundable is based upon the fact that the motor vehicle fuel was used in aircraft, that fact shall be stated on the invoice. The seller shall give the original of the invoice to the purchaser, at the time of sale, and shall mail the duplicate to the superintendent not later than Tuesday of the week next succeeding the sale. Any person entitled to a refund of the motor vehicle fuel tax shall be reimbursed under the following conditions:

1. Application for refund shall be filed with the superintendent within six [6] months from the date of purchase or invoice of the motor vehicle fuel with respect to which refund is claimed, and not thereafter.

2. The application shall be in the form prescribed and furnished by the superintendent, shall be sworn to, and shall state the quantity of motor vehicle fuel with respect to which refund is claimed, the purpose for which used, the date of purchase, and from whom purchased, and shall contain such other information as the superintendent shall require. No fee shall be charged or collected for taking the acknowledgment of an applicant for refund of the license tax on any motor vehicle fuel. The original invoice or an acceptable duplicate showing the purchase shall accompany the application.

3. In the case of a claim for refund on account of motor vehicle fuel exported, the claimant shall make satisfactory proof of export to the superintendent and shall file the claim within three [3] months from the date of export. The claim shall be in such form and contain such information as the superintendent may require. The original invoice or an acceptable duplicate shall accompany the claim.
4. Any person or distributor at the time he delivers motor vehicle fuel which will not be used on the highways, shall color such fuel so delivered with a coloring matter to be prescribed and furnished by the superintendent in the manner prescribed by the superintendent. No charge shall be made for such coloring matter. The seller and buyer shall at the time of delivery of such fuel sign the invoice provided for in this act certifying that the fuel covered by such invoice has been colored. Provided, however, the superintendent may in his discretion in writing exempt the coloring of any fuel which coloring may detract from its use and provided further that motor vehicle fuel to be exported shall be exempt from coloring. It shall be unlawful for any person to operate a motor vehicle on the highways using motor vehicle fuel which has been colored as provided and the superintendent or his authorized agents shall have the right to take samples of fuel from fuel tanks of motor vehicles in the enforcement of these provisions. Any person who violates any of these provisions, in addition to other penalties prescribed by law, shall not be allowed any refund on any motor vehicle fuel purchased during the six [6] months succeeding the date the superintendent advises such person by mail of the superintendent’s discovery of such offense. Any person whose right to refunds is so suspended may institute an action in the superior court of Maricopa County to set aside such suspension.

(b) The conditions set forth in subsection (a) having been fully complied with, the superintendent shall determine the amount of refund due and shall certify and refund that amount.

(c) In the case of sales of motor vehicle fuel upon invoices stating that such fuel was used in aircraft, if applications for refund of the taxes upon such sales be not filed within the time provided in this section, then the superintendent shall determine from the copies of the invoices received by him under the provisions of subsection (a) of this section the amount of such unclaimed and unrefunded taxes, and shall transmit such unclaimed and unrefunded taxes to the state treasurer, to be by him credited to the state aviation fund established by chapter 45, session laws of Arizona, 1950, first special session [§§ 48-144—48-148]. [R. C. 1928, § 1677c; Laws 1931 (1st S. S.), ch. 16, § 1, p. 50; 1933, ch. 11, § 1, p. 12; 1941, ch. 193, § 1, p. 230; 1943, ch. 441, § 1, p. 94; 1952, ch. 142, § 1.]

Amendments.
The 1941 amendment substituted paragraph 4, subsection (a), for a provision in the prior law which read as follows:

“(d) Any person or distributor selling kerosene in quantities not to exceed five [5] gallons at any one sale shall collect no license tax thereon, but at the time of such sale the purchaser shall execute a receipt for such kerosene, in triplicate, on a form prescribed by the superintendent, and the seller shall be entitled to a refund of the tax paid by him on such kerosene upon application therefor and filing with the superintendent the original of said receipt. The duplicate receipt shall be mailed to the superintendent by the seller not later than the Tuesday of the week next succeeding the sale. The triplicate shall be retained by the seller for a period of two [5] years.” Other
changes in phraseology were made without changing the substance of the section.

The 1932 amendment inserted the second sentence in subsection (a), substituting "The seller" for "He" at the beginning of the third sentence of subsection (a) and added subsection (c).

Emergency Vehicle.

Private passenger car proceeding to hospital with passenger needing emergency treatment and following police escort was not an emergency vehicle, under former law, § 66-105. West v. Cruz, 76 Ariz. 13, 251 Pac. (2d) 311.

66-153g. Traffic control signal legend.—Whenever traffic is controlled by traffic control signals exhibiting the words “go”, “caution”, or “stop”, or exhibiting different colored lights successively one at a time, or with arrows, the following colors only shall be used and said terms and light shall indicate and apply to drivers of vehicles and pedestrians as follows:

(a) Green alone or “go”:

1. Vehicular traffic facing the signal may proceed straight through or turn right or left unless a sign at such place prohibits either of such turns. But vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent cross walk at the time such signal is exhibited.

Pedestrians facing the signal may proceed across the roadway within any marked or unmarked cross walk.

(b) Yellow alone or “caution” when shown following the green or “go” signal:

1. Vehicular traffic facing the signal is thereby warned that the red or “stop” signal will be exhibited immediately thereafter and such vehicular traffic shall not enter or be crossing the intersection when the red or “stop” signal is exhibited.
2. Pedestrians facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right of way to all vehicles.

(c) Red alone or "stop":

1. Vehicular traffic facing the signal shall stop before entering the cross walk on the near side of the intersection or, if there is no cross walk, then before entering the intersection, and shall remain standing until green or "go" is shown alone, except as provided in paragraph 2.

2. The driver of a vehicle which is stopped as close as practicable at the entrance to the cross walk on the near side of the intersection or, if there is no cross walk, then at the entrance to the intersection, in obedience to a red or "stop" signal, may make a right turn, but shall yield the right of way to pedestrians and other traffic proceeding as directed by the signal. Local authorities may by ordinance prohibit any such right turn against a red or "stop" signal at any intersection within a central traffic district as defined by ordinance, or within any business district, or at any intersection outside of a central traffic district or business district when a sign is erected at such intersection prohibiting a right turn against red or "stop" signal.

(d) Red with green arrow:

1. Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow but shall yield the right of way to pedestrians lawfully within a cross walk and to other traffic lawfully using the intersection.

2. No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic.

(e) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking, the stop shall be made at the signal. [Laws 1950 (1st S. S.), ch. 3; § 34; 1953, ch. 129, § 1.]

Title of Act
An act relating to vehicular traffic; defining traffic signals, and amending section 66-165g, Arizona Code of 1939. [Laws 1953, ch. 129.]

Amendment
In paragraph (c)1 the 1953 amendment substituted "if there is no cross walk" for "if none" and added at the end of the paragraph the words "except as provided in paragraph 2." Paragraph (c)2 was inserted by the 1953 amendment and replaced a paragraph reading, "No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic."

66-153r. Written reports of accidents.—(a) The driver of a vehicle involved in an accident resulting in bodily injury to or death of any person or total property damage to an apparent extent of one hundred dollars ($100.00) or more shall within 5 days after such accident, forward a written report of such accident to the department.

(b) The department may require any driver of a vehicle involved in an accident of which report must be made as provided in this section to file supplemental reports whenever the original report was
insufficient in the opinion of the department and may require witnesses of accidents to render reports to the department.

(c) Every law enforcement officer who, in the regular course of duty, investigates a motor vehicle accident of which report must be made as required in this section, either at the time of and at the scene of the accident or thereafter by interviewing participants or witnesses shall, within 24 hours after completing such investigation, forward a written report of such accident to the department. [Laws 1950 (1st S. S.), ch. 3, § 45; 1954, ch. 83, § 1.]

Title of Act.
An act relating to the use of highways by vehicles; providing for written reports of accidents thereon; and amending § 66-135P, Arizona Code of 1939, as amended. [Laws 1955, ch. 83.]

Amendment.
The 1954 amendment in subsection (a) increased the amount of total property damage from "$50 or more" to "$100 or more."

66-156. Persons under the influence of intoxicating liquor or of drugs.

Punishment.
This section making it unlawful and punishable to drive a vehicle while under the influence of intoxicating liquor, and § 66-137 making it unlawful and punishable to drive a vehicle in wilful or wanton disregard for safety of persons or property, are not unconstitutional on the ground that penalties are included in the respective acts, since title of both acts provide for imposition of penalties. State v. Harold, 74 Ariz. 210, 246 Pac. (2d) 178.

Legislature was justified under the police power in punishing driving of vehicle within the state while under the influence of intoxicating liquor or in wilful or wanton disregard for safety of others. State v. Harold, 74 Ariz. 210, 246 Pac. (2d) 178.

Increasing punishment on second offense for driving while intoxicated from a maximum fine of $300 to $1,000, and confinement from a maximum of six months to 12 months did not constitute cruel and unusual punishment. State v. Harold, 74 Ariz. 210, 246 Pac. (2d) 178.

Under § 66-156 court may exercise general power to suspend sentences conferred by § 44-2922 as it has discretion as to extent of punishment. State v. Bigelow, 76 Ariz. 13, 258 Pac. (2d) 409.

A court must either impose one of the sentences as fixed by statute or suspend the imposition of such sentence; it has no authority to impose a sentence providing for intermittent incarceration in jail. State v. Bigelow, 76 Ariz. 13, 258 Pac. (2d) 409.

Drunkometer Test.
Provisions of this section creating certain standards as to percentage content of alcohol revealed by chemical analysis and raising certain statutory presumptions did not require defendant to give evidence against himself in violation of Const. art. 2, § 10, since defendant was not required to take tests of any kind. State v. Harold, 74 Ariz. 210, 246 Pac. (2d) 178.

Where graduate chemist testified that he rechecked chemicals following drunkometer test and found that contents were the same as when he placed them in the respective bottles such evidence established control of the chemicals at the time the test was made. State v. Warren, 75 Ariz. 123, 252 Pac. (2d) 781.

Objection to drunkometer test on the ground that test was not properly controlled throughout various steps was not preserved where objection in trial court was based on ground that defendant did not voluntarily consent to taking of test. State v. Warren, 75 Ariz. 123, 252 Pac. (2d) 781.

Validity of Penalties.
Legislature was justified under the police power in punishing driving of vehicle within the state while under the influence of intoxicating liquor or in wilful or wanton disregard for safety of others. State v. Harold, 74 Ariz. 210, 246 Pac. (2d) 178.

Section 66-156 making it unlawful and punishable to drive a vehicle while under the influence of intoxicating liquor, and this section making it unlawful and punishable to drive a vehicle in wilful or wanton disregard for safety of persons or property is not unconstitutional on the ground that penalties are included in the respective acts, since title of both acts provide for imposition of penalties. State v. Harold, 74 Ariz. 210, 246 Pac. (2d) 178.

Private Vehicles.
Where south bound vehicle with passenger for hospital was proceeding 200 feet behind police escort who was blowing siren and flashing red light a north bound vehicle was not negligent under former law, § 66-113, in proceeding north with green light after police escort had passed. West v. Cruz, 75 Ariz. 13, 251 Pac. (2d) 311.

66-168. Obedience to signal indicating approach of train.

Negligence.
Operation of train at excessive speed through town did not constitute wanton negligence where traffic lights were flashing and traffic bells were ringing at crossing. Southern Pac. Co. v. Baca, 77 Ariz. 173, 268 Pac. (2d) 963.

66-171. Stopping, standing, or parking outside of business or residence district.

Urban Areas.
Restriction against parking on highway in former § 85-116 did not apply to business or residential sections within a city. Kelly v. Anderson, 74 Ariz. 364, 249 Pac. (2d) 833.

Lighted Areas.
Restriction against parking on a highway without lights does not apply if area of parking is lighted sufficiently to reveal parked vehicle for a distance of 200 feet. Kelly v. Anderson, 74 Ariz. 364, 249 Pac. (2d) 833.

66-174l. Multiple-beam road-lighting equipment.—Except as hereinafter provided, the head lamps or the auxiliary driving lamp, or the auxiliary passing lamp, or combinations thereof, on motor vehicles other than a motorcycle or motor-driven cycle shall be so arranged that selection may be made between distributions of light projected to different elevations, subject to the following requirements and limitations:

(a) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of at least three hundred fifty [350] feet ahead for all conditions of loading.

(b) There shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of at least one hundred [100] feet ahead; and under any condition of loading none of the high-intensity portion of the beam shall be directed to strike the eyes of an approaching driver.

(c) Every new motor vehicle, other than a motorcycle or motor-driven cycle, registered in this state after January 1, 1955, which has multiple-beam road lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the head lamps is in use, and shall not otherwise be lighted. Said indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped. [Laws 1950 (1st S.S.), ch. 3, § 135; 1954, ch. 36, § 1.]
Title of Act.
An act relating to motor vehicles; prescribing the standards for road lighting equipment of motor vehicles, and amending § 66-174m, 66-174, and 60-174u, Arizona Code of 1939. [Laws 1954, ch. 36.]

Amendment.
The 1954 amendment in the first paragraph substituted the words, "section may be made," for the words, "the driver may select at will"; in subsection (a) the amendment deleted the second sentence which read: "The maximum intensity of this uppermost distribution of light or composite beam shall be 8,000 apparent candlepower, and at no other point of the distribution of light or composite beam shall there be an intensity of more than 75,000 apparent candlepower"; in subsection (b) the amendment substituted that part of the subsection following the words, "so aimed," for items 1-3 which read: "1. When the vehicle is not loaded, none of the high-intensity portion of the light which is directed to the right of the prolongation of the extreme left side of the vehicle shall, at a distance of 25 feet ahead, project higher than a level of 3 inches below the level of the center of the lamp from which it comes.

2. When the vehicle is not loaded, none of the high-intensity portion of the light which is directed to the right of the prolongation of the extreme left side of the vehicle shall, at a distance of 25 feet ahead, project higher than a level of 3 inches below the level of the center of the lamp from which it comes.

3. No event shall any of the high intensity of such lower-most distribution of light or composite beam project higher than a level of 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead."
The amendment deleted subsection "c" and "d" which read: "(c) Where one intermediate beam is provided, the beam on the left side of the road shall be in conformity with item 1 of paragraph (b) of this section except when arranged in accordance with the practice specified in paragraph (e).

"(d) All headlighting beams shall be aimed and of sufficient intensity to reveal a person or vehicle at a distance of at least 100 feet ahead."
The amendment relettered former subsection (e) as subsection (c) and changed the date from January 1, 1951, to January 1, 1955.

Section to Section Reference.
This section is referred to in § 66-174m.

66-174m. Use of multiple-beam road-lighting equipment.—(a) Whenever a motor vehicle is being operated on a roadway or shoulder adjacent thereto during the times specified in section 66-173a, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(b) Whenever a driver of a vehicle approaches an oncoming vehicle within five hundred [500] feet, such driver shall use a distribution of light or composite beam so aimed that the glaring rays are not projected into the eyes of the oncoming driver. The lowermost distribution of light or composite beam specified in subsection (b) of section 66-174l shall be deemed to avoid glare at all times, regardless of road contour and loading.

(c) Whenever the driver of a vehicle follows another vehicle within two hundred [200] feet to the rear, except when engaged in the act of overtaking and passing, such driver shall use a distribution of light permissible under this act other than the uppermost distribution of light specified in subsection (a) of section 66-174l. [Laws 1950 (1st S.S.), ch. 3, § 137; 1954, ch. 36, § 2.]

Amendment.

distance of 25 feet ahead, and in no case higher than a level of 42 inches above the level upon which the vehicle stands at a distance of 75 feet ahead; and in subsection (c) the amendment substituted the words, "follows another vehicle within two hundred [200] feet to the rear, except when engaged in the act of overtaking and passing," for the words, "overtakes another vehicle proceeding in the same direction and within 200 feet."

66-174t. Selling or using lamps or equipment.—(a) No person shall have for sale, sell, or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer, or semi-trailer or use upon any such vehicle any head lamp, auxiliary driving lamp, rear lamp, signal lamp, or reflector which reflector is required hereunder, or parts of any of the foregoing which tend to change the original design or performance, unless of a type which has been submitted to the department and approved by them.

(b) No person shall have for sale, sell, or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer, or semi-trailer any lamp or device mentioned in this section which has been approved by the department unless such lamp or device bears thereon the trade-mark or name under which it is approved so as to be legible when installed.

(c) No person shall use upon any motor vehicle, trailer, or semi-trailer any lamps mentioned in this section unless said lamps are mounted and adjusted as to focus and aim in accordance with instructions of the department. [Laws 1950 (1st S. S.), ch. 3, § 141; 1954, ch. 36, § 3.]

If at the expiration of 90 days after such notice the person holding the certificate of approval for such device has failed to satisfy the department that said approved device as thereafter to be sold meets the requirements of this act, the department shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this act, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this act. The department may at the time of the retest purchase in the open market and submit to a testing one [1] or more sets of such approved devices, and if such device upon retest fails to meet the requirements of this act, the department may refuse to renew the certificate of approval of such device."

Such notice shall include a complete description of the vehicle and the place and date such vehicle was found, seized or taken into possession.

(b) If at the expiration of thirty (30) days from the mailing of the registered notice, or upon the expiration of thirty (30) days from the first publication, the said vehicle remains unclaimed, the superintendent or his agent may sell the said vehicle at public auction to the highest bidder upon notice of sale published in one issue of a newspaper of general circulation in the county in which such vehicle will be sold. person leaving same, shall be an abandoned vehicle and shall be reported by the party in possession of the same to the superintendent. Any garage keeper failing to report such fact to the superintendent and tender delivery to him of such vehicle at the end of the succeeding thirty (30) days, shall thereby forfeit any claim for storage of such vehicle. All such vehicles considered abandoned by being left in a public garage or parking lot shall be disposed of in accordance with the procedure prescribed in section 66-192, Arizona Code of 1939, for abandoned vehicles. [Laws 1952, ch. 24, § 5; 1953, ch. 70, § 5.]

At the expiration of fifteen [15] days said plates shall be surrendered and regular license plates affixed. Dealer.

The term "dealer" in § 66-205 is not limited to dealers licensed and registered under the laws of the state of Arizona so that refusal of the Arizona motor vehicle division to issue certificate of title to petitioner for vehicles acquired from out-of-state dealer was improper. McCarrell v. Lane, 76 Ariz. 67, 258 Pac. (2d) 988.

66-207a. [Law 2.] Temporary registration of vehicles.—The vehicle superintendent may furnish to licensed motor vehicle dealers temporary registration plates or markers which may be issued by such dealers, subject to the limitations and conditions hereinafter set forth.

(a) A dealer shall not issue, assign or deliver temporary registration plates or markers to anyone other than a bona fide purchaser of a vehicle which is not registered for the current year, nor shall a dealer issue temporary plates or markers unless previous to or at the same time the purchaser executes an application for a certificate of title and an application for annual registration of the vehicle. Such application for certificate of title, accompanied by the prescribed fees, and such application for registration accompanied by the prescribed fees, shall be forthwith forwarded by the dealer as the agent of the purchaser to the vehicle superintendent and the county assessor, respectively.

(b) No dealer shall issue temporary registration plates or markers unless the application for a certificate of title is accompanied by either a manufacturer's certificate of origin properly assigned by a licensed new motor vehicle dealer, or a properly signed-off Arizona certificate of title.

(c) Every dealer who has been furnished temporary registration plates or markers shall maintain, in permanent form, a record of all temporary registration plates or markers delivered to him, and shall also maintain, in permanent form, a record of all temporary registration plates or markers issued by him, and in addition thereto shall maintain, in permanent form, a record of any other information pertaining to the receipt or the issuance of temporary registration plates or markers that the superintendent may require. Each record shall be kept for at least a period of three years from the date of entry of such record. Every dealer shall allow full and free access to such records during regular business hours to duly authorized representatives of the vehicle superintendent.

(d) Every dealer who issues temporary registration plates or markers shall on the day that he issues such plates or markers send to the motor vehicle division a copy of the temporary registration plates or markers, which shall constitute a written notice of such transfer.

(e) A dealer shall not lend to anyone, or use on any vehicle that he may own, temporary registration plates or markers. It shall be unlawful for any person to issue any temporary registration plate or marker, or plates or markers, containing any mis-statement of fact or knowingly insert any false information upon the face thereof.
(f) Every person who issues temporary registration plates or markers shall affix or insert, clearly and indelibly, on the face of each temporary registration plate or marker the date of issuance and the expiration, make, motor and serial number of the vehicle for which issued.

(g) If the superintendent finds that the provision of this section or the directions of the superintendent are not being complied with by the dealer, he may suspend, after a hearing, the right of a dealer to issue temporary registration plates or markers.

(h) Temporary registration plates or markers shall expire and become void upon the receipt of the annual registration plates, or upon the expiration of thirty days from the date of issuance. Every person to whom temporary registration plates or markers have been issued shall permanently destroy such temporary registration plates or markers immediately upon receiving the annual registration plates; provided, that if the annual registration plates are not received within thirty days from the issuance of the temporary registration plates or markers, the owner shall, notwithstanding, immediately upon the expiration of such thirty day period, permanently destroy the temporary registration plates or markers.

(i) The superintendent shall have the power to make such rules and regulations not inconsistent herewith, as he shall deem necessary for the purpose of carrying out the provisions of this section. [Code 1939, § 66-207a, as added by Laws 1953, ch. 58, § 1.]

Compiler's Note.
The compiler has designated this section as "Law 2" to distinguish it from the section enacted by Laws 1951, ch. 23, and also designated as § 66-207a. There was in the 1951 act no apparent intent to repeal, amend, or supersede the 1951 act.

Title of Act.

66-208. Number plates.
Section to Section Reference.
This section is referred to in § 66-208b.

66-208b. Plates for amateur radio operators.—(a) Any owner of a private motor vehicle who is a resident of the state and in all respects qualified to receive motor vehicle number plates as provided by section 66-208, Arizona Code of 1939, and who owns and holds an unrevoked and unexpired amateur radio station license issued by the federal communications commission, shall, upon application, accompanied by proof of ownership of such amateur radio station license and payment of an additional fee of three dollars ($3.00), be issued number plates upon which shall be inscribed the official identifying amateur radio call letters of the applicant, as assigned by the federal communications commission. Such plates to be in addition to the numbered plates as prescribed by section 66-208, Arizona Code of 1939.

(b) Call letter license plates shall be provided each year in the same color combination as that used for the numbered plates prescribed by section 66-208, Arizona Code of 1939, and may be legally displayed in place of number plates as prescribed in section 66-208, Arizona Code of 1939, and will remain the property of the licensee.
and shall not be transferable. [Code 1939, § 66-208b, as added by Laws 1954, ch. 19, § 1.]

66-222. Dealers' number plates.—A manufacturer or dealer owning any vehicle of a type otherwise required to be registered may operate the same without registering it, provided that there shall be displayed upon such vehicle in the manner prescribed in section 66-209 a special plate or plates issued to such owner as herein provided. This provision shall not apply to work or service vehicles owned by a manufacturer or licensed dealer. Any manufacturer or licensed dealer may make application to the division, upon a form provided for such purpose, for a dealer's certificate containing a general distinguishing number, and for one or more pairs of special plates or single special plates appropriate to various types of vehicles. The applicant at the time of making such application shall, if a manufacturer, submit such proof of his status as a bona fide manufacturer as may reasonably be required by the division, and if a dealer in new motor vehicles, trailers or semi-trailers, shall submit satisfactory proof that he is a duly authorized distributor or dealer for a manufacturer. The division, upon granting any such application, shall issue to the applicant a certificate containing the applicant's name and address and the general distinguishing number assigned to him, and shall also issue special plates as applied for. Every plate or pair of plates so issued shall contain a number or symbol identifying the same from every other plate or pair of plates issued to the same manufacturer or dealer. The right to use any special plate issued as provided herein for any calendar year shall terminate at midnight on December 31 of each year. Every manufacturer or dealer shall keep a written record of the vehicles upon which such special plate or plates are used, and the time during which each plate or pair of plates is used upon a particular vehicle. Such record shall be open to the inspection of the division, any officer or agent thereof, any member of the highway patrol, or any peace officer. [Laws 1927 (4th S. S.), ch. 2, subch. 3, § 22; rev., R. C. 1928, § 1644; Laws 1937, ch. 67, § 19; 1953, ch. 53, § 2.]

Amendment.
The 1953 amendment combined the two subsections and deleted from the first sentence of the section the words "within a distance of fifty miles from the manufacturer's or dealer's place of business, and for the sole purpose of moving, testing, demonstrating or selling said vehicle" which appeared before "operate the same."

66-225. Registration of vehicles of nonresidents.—(a) Except as herein provided, every foreign vehicle owned by a nonresident and operated in the state for the transportation of passengers or property for compensation or in the business of a nonresident carried on in this state, or for the transportation of property, shall be registered and licensed in the same manner as is required in the case of vehicles of residents.
of motor vehicles, trailers or semi-trailers, not theretofore registered or licensed.

(b) In case it is desired to operate any such vehicle in this state for a period less than the full registration year, if such vehicle is duly registered and licensed under the laws of any other state or country, the owner may make application to the vehicle division in the manner and form prescribed, for the registration and licensing of such vehicle for periods of one [1], two [2] or three [3] months. A thirty [30] day registration and license application shall be accompanied by an amount equal to twelve and a half per cent [12½%] of the full annual registration and unladen weight fees. A sixty [60] day registration and license application shall be accompanied by an amount equal to twenty-two per cent [22%] of the full annual registration and unladen weight fees. A ninety [90] day registration and license application shall be accompanied by an amount equal to thirty per cent [30%] of the full annual registration and unladen weight fees. The full annual registration and unladen weight fees shall be those applicable to the applicant’s vehicle prescribed by section 66-256. The minimum fee for such licensing and registration shall be three dollars fifty cents ($3.50). No application will be accepted for a fraction of any of the periods set forth above, but such licenses may be issued without restriction as to number or sequence.

(c) The vehicle division, if satisfied as to the facts stated in the application, shall register and license the vehicle for the period named and assigned an appropriate certificate or license, which shall at all times be displayed upon the vehicle in the manner prescribed by the division, while the same is being operated or driven upon any highway of the state.

(d) If any nonresident owner of a foreign vehicle is apprehended while operating such vehicle in this state beyond the period specified in his certificate or license, without application for renewal thereof, no further thirty [30], sixty [60] or ninety [90] day certificate or license will be issued such person during the registration year in which the violation took place, and such nonresident owner shall apply for, and obtain, the registration of the vehicle and pay the fees for the registration year.

(e) A nonresident owner of a foreign vehicle registered and licensed in a state adjoining Arizona, being used in this state for other than the transportation of passengers or property for compensation or in the business of a nonresident carried on in this state, shall not be required to pay the registration and unladen weight fees prescribed in section 66-256, provided the nonresident owner and vehicle are domiciled within twenty-five [25] miles of the Arizona border, and that the state in which the owner has his residence and in which such vehicle is registered exempts from the payment of registration and unladen fees like vehicles from this state.

(f) An owner seeking exemption as provided in subsection (e) shall apply to the motor vehicle division for a special registration permit, setting forth that the vehicle is to be used within this state for other than the transportation of passengers or property for compensation or in the business of a nonresident carried on in this
state, and supplying such other information as the division may require, and shall make affidavit thereto. If satisfied that the applicant is entitled to exemption, the motor vehicle division shall issue a special permit to operate, which shall be distinctive in form, show the date issued, a brief description of the vehicle, and a statement that the owner has procured registration of such vehicle as a nonresident. Said permit shall be valid for the period for which the registration plate was issued by the state of which the owner is a resident.

(g) Every foreign vehicle owned by a nonresident and operated in this state other than for the transportation of passengers or property for compensation, or for the transportation of property, or in the business of a nonresident carried on in this state, shall be registered within ten [10] days after the beginning of operation in the state in like manner as vehicles owned by residents, and no fee shall be charged for such registration, nor shall any number plates be assigned to such vehicle, but the vehicle division shall issue to such nonresident owner a permit distinctive in form, containing the date issued, a brief description of the vehicle and a statement that the owner has procured registration of the vehicle as a nonresident. No such nonresident owner shall operate any such vehicle upon the highways of this state, either before or while it is registered as provided in this section, unless there be displayed thereon the registration number plates assigned to the vehicle for the current calendar year, by the state or country of which the owner is a resident, nor unless the permit prescribed by this subsection is displayed on the windshield of the vehicle in the manner prescribed by the division. Such permit shall be valid for the period for which the registration plate was issued by the state of which the owner is a resident. [Laws 1927 (4th S. S.), ch. 2, subch. 3, § 24, p. 33; rev., R.
